

PARL WILL BE CLOSED SEPTEMBER 11th-26th, 2021

Providence Animal Rescue League (PARL) will be closed for two weeks during the month of September for staff training, reorganizing, and small renovation projects.

During this time, we will not be taking in any animals. We will be focusing on placing all adoptable animals into loving homes in early September and working with our wonderful foster families to care for others during this time.

Our low-cost spay/neuter appointments and the vaccine clinic (scheduled for September 19th from 1-3pm) will continue as planned.

We are working closely with other organizations in the area to refer animal cases during this closed time. In addition, we are scheduling out all animal intakes for later in September.

To help us prepare, we're offering special adoption rates from September 1st-10th:

- **Adoption fee will be WAIVED for all small animals**
- **50% off adoption fee for all cats and dogs**

On behalf of the entire team here at PARL, I thank you for your understanding and apologize for any inconvenience. As the pandemic continues and we reflect on the past year, this dedicated time to regroup, reorganize, and complete minor renovations will only strengthen our ability to serve pets and the people who love them in Providence and beyond.

We look forward to reopening on September 27th and resuming all of our programs and services at that time.
