

West Bend Mutual Insurance & Advantage Asset Tracking

Simplifying Safety and Innovation

West Bend Mutual Insurance has partnered with Advantage Asset Tracking to offer your organization a simple way to navigate the world of connected vehicle solutions. Advantage Asset Tracking makes choosing and deploying video solutions, telematics, ELD and GPS systems easy, allowing you to implement policies that make sense for your business.

West Bend Mutual Insurance has done the heavy lifting of vetting other industry solutions so that you don't have to. With Advantage Asset Tracking's bundled offering you will get:

Telematics is not a one-size-fits-all approach. By working with Advantage Asset Tracking, West Bend Mutual Insurance can help your organization identify and lower risk through customized industry leading solutions that could lower your insurance rates.

Reduced accidents 40% - 60% on average

Improved CSA Scores

Enhanced workplace / driver / fleet safety

Identification and elimination of costly unauthorized motor vehicle use
