

5 STEPS

TO MAKING THE BEST DECISION EVER

These five easy steps will give you an easy way to make sure you're doing the right things and not wasting your time.

Step 01

Start with what you think you want

This is where you start your journey. Write down what you think you want to do.

Step 02

Get Your Why!

Ask why at least five times why your original idea will help you move forward. Keep going to you get a core and motivating reason...asking why at least five times.

Step 03

Revisit what you want to do

The chances are better than even you'll want to change what you want to do. You'll have found a more elegant solution by asking why at least five times. This is where you can change your mind.

Step 04

Who will help you?

No one ever gets a great outcome or success without help from others. Who are the people and organizations that can and will help you move towards what you want to accomplish?

Step 05

Now it's time to figure out how

This is where you get to work with your team and figure out how to get to your outcome. If you've done your work right, this is the easy step.
