Pierce Manufacturing to Showcase the Latest in Fire Apparatus Design and Innovation at FDIC 2021

Pierce will showcase a broad selection of fire apparatus and innovative technologies at their Lucas Oil Stadium display August 5-7 at FDIC 2021 in Indianapolis, Indiana.

APPLETON, Wis. (July 29, 2021) – Pierce Manufacturing Inc., an Oshkosh Corporation (NYSE:OSK) company, has announced today that it will showcase a broad selection of the latest in fire apparatus design and innovation with 12 fire trucks to be on display during the Fire Department Instructors Conference ([FDIC](#)) on August 5 – 7, 2021 in Indianapolis, Indiana. Attendees can find Pierce’s display located in the north end zone of Lucas Oil Stadium (booth #8807).

“Over the last year and a half, our team continued in a pivotal role to create advanced solutions that support municipalities’ initiatives and help improve firefighters’ safety and efficiency,” said Lisa Barwick, vice president of marketing “We’re eager to showcase our most recently developed fire apparatus and technology features, as well as meet with FDIC attendees to further demonstrate the innovation that spans across our product and service platforms.”

Pierce’s FDIC 2021 Booth Will Feature:

- Enforcer™ Heavy-Duty Rescue Pumper
- Velocity® Pumper with PACCAR MX-13 Engine and Idle Reduction Technology
- Velocity PUC™ Pumper
- Arrow XT™ Pumper
- Enforcer PUC Pumper
- Enforcer Ascendant® 107' Heavy-Duty Aerial Ladder - Single Rear Axle
- Velocity Ascendant 100' Heavy-Duty Aerial Tower
- Enforcer Ascendant 107' Heavy-Duty Tiller Aerial Ladder
- Enforcer 75' Heavy-Duty Aluminum Aerial Ladder
- Velocity 100' Heavy-Duty Steel Aerial Platform
- Velocity chassis with a Frontline Communication C-45X-2 Rehab Unit
- Type 3 Wildland on a Freightliner commercial chassis with exclusive side roll protection air bags

Barwick continued, “The launch of our new [Pierce® Volterra™ platform of electric vehicles](#) and the first Pierce Volterra zero-emissions pumper placed in service in Madison, WI in June 2021 is

an example of our commitment to leading innovation based on direct input from our customers. While the Pierce Volterra pumper will remain in service during FDIC 2021, our booth will offer an electric vehicle technology kiosk and a knowledgeable team who will walk attendees through the electric fire truck's attributes."

In addition to product and technology demonstrations, on Friday, August 6 at 1:00 pm (EDT), the opening ceremony for the [National Fallen Firefighters Foundation \(NFFF\) 9/11 Stair Climb](#) event will take place at Pierce's central core location near the entrance of Lucas Oil Stadium. The 9/11 Stair Climb is a way for attendees to honor and remember those in the fire service community who selflessly gave their lives, so that others might live. In recent years, nearly 700 FDIC participants have paid tribute by climbing or walking the equivalent of the 110 stories of the World Trade Center.

To stay connected with the latest Pierce innovation and apparatus displays, announcements, events, and more offered at FDIC, follow the up-to-the-minute happenings shared online at piercemfg.com, facebook.com/pierce, and the [media resources page](#).

Forward Looking Statements

This news release contains statements that the Company believes to be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company's future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this news release, words such as "may," "will," "expect," "intend," "estimate," "anticipate," "believe," "should," "project" or "plan" or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company's control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include the overall impact of the COVID-19 pandemic on the Company's business, results of operations and financial condition; the duration and severity of the COVID-19 pandemic; actions that may be taken by governmental authorities and others to address or otherwise mitigate the impact of the COVID-19 pandemic; the negative impacts of

the COVID-19 pandemic on global economies and the Company's customers, suppliers and employees; and the cyclical nature of the Company's Access Equipment, Commercial and Fire & Emergency markets, which are particularly impacted by the strength of U.S. and European economies and construction seasons.
