

Steam Electrical Assembler

SUMMARY

TyloHelo Inc., a globally focused leader in the sauna and steam bath industry, has an opening for a Steam Electrical Assembler. The ideal candidate will have:

- Attention to detail and accuracy a must
- Accurate hand/eye coordination is required
- Finger dexterity is required, as well as hand strength, with the ability to grasp, lift, push and pull.
- 1 year in a manufacturing environment preferred
- Great attitude and aptitude are as important as experience.

In a fast-growing company, this position will assemble steam generator systems, boiler systems, and control kits. Electrical assembling consists of crimping connectors on wires, installing the wires onto printed circuit boards, and installing the boards into steam assembly. Plumbing assembly consists of connecting pipes to valves and water leak test. This position will help maintain accuracy of Manufacturing Orders and tracking defective parts during assembly for accurate inventory movements.
