Your Value-Based Care Solution is Here

The power to bring your data to life.

Citra's leading healthcare technology solves for the needs of providers, hospital systems and payers in the transition to value-based care allowing our customers to strategically expand market opportunity, diversify revenue streams and reduce the cost of care.

EZ-CAP®

EZ-CAP is a comprehensive claims and benefit administration system, managing all functions of a managed care organization in a single integrated platform.

EZ-CARE™

EZ-CARE is a dedicated care management module supporting our clients clinical teams' focus on managing risk, quality of care, reducing costs, and improving patient/member experience. This complete, easy-to-use case management application is designed for the unique workflows of the nurses, doctors, case managers and healthcare administrators engaged in care management roles.

EZ-EDI

EZ-EDI offers the latest advancement in electronic data interchange (EDI) to easily retrieve information and perform transactions in real-time directly into EZ-CAP, without going through a clearing house.

EZ-INFO™

EZ-INFO provides a complete, end-to-end population health platform for delegated IPAs, MSOs and Health Plans managing patients at risk. This solution combines everything from clinical and claims data to biometric and social information in a single location for actionable data, such as managing HCCs, HEDIS, STARS, etc., making program management simple, allowing you to effortlessly maximize revenue and reduce the future cost of care.

EZ-NET

This internet portal facilitates timely, cost-effective sharing of clinical and administrative information between a healthcare organization, network providers, and health plans.

EZ-PARTNER

This application enables software vendors to interface existing systems with EZ-CAP. This Application Programming Interface (API) is an expert modification tool for developers to format request and response file transactions.

Citra Cloud

Citra Cloud provides an advanced EZ-CAP cloud-based hosting service that gives you everything you need to run EZ-CAP, EZ-EDI, and EZ-NET. Achieve "plug-and-play" access to your application to safeguard your data and control costs.

Eligibility Manager®

Eligibility Manager is a uniquely configurable software solution that makes it easy for IPAs, MSOs, or any population health, delegated group or managed care organization to efficiently manage changes to healthcare member eligibility.

Cap Check™

Cap Check is an essential tool for medical groups with capitated contracts to verify that they are receiving correct payments. By reconciling actual payments with expected payments on a member/month basis, you can verify whether you are being paid correctly, and make corrections when you are not.

DataTug™

DataTug is a unique product that knows how to find the information you need quickly and accurately for any health plan. DataTug extracts required data automatically from health plan web sites and ANSI X12 270/271 and other data portals.

Why Citra?

With over 10M members served by 100+ IPAs, MSOs, health plans and provider groups managing Medicaid/Medi-Cal, Medicare, specialty care and commercial populations, Citra Health Solutions provides integrated software solutions solving for the administrative, financial and clinical needs of health care payer organizations, with a highly configurable, scalable and flexible end-to-end eligibility, membership, authorization, capitation, claims, payment and analytics platform to manage operational and administrative processes, while maximizing the productivity of human capital.
