TORONTO, Oct. 20, 2020 /CNW/ - NeuPath Health Inc. (TSX-V:NPTH) ("NeuPath" or the "Company"), Canada's largest provider of chronic pain management services, is pleased to announce that it has agreed with Stifel GMP as co-lead underwriter and sole bookrunner and INFOR Financial Inc. as co-lead underwriter, together with Haywood Securities Inc. (collectively, the "Underwriters"), to increase the size of its previously announced \$8,001,000 bought deal offering. Pursuant to the upsized deal terms, the Underwriters have agreed to purchase, on a "bought deal" basis, 11,600,000 units of the Company (the "Units") at a price of \$0.90 per Unit, for aggregate gross proceeds of \$10,440,000. The Underwriters will also have the option, exercisable in whole or in part at any time on or up to 30 days after the Closing Date (as defined herein), to purchase up to an additional 1,740,000 Units. In the event that the option is exercised in full, the aggregate gross proceeds of the offering will be \$12,006,000.

Each Unit will be comprised of one common share of the Company (a "Common Share") and one-half of one Common Share purchase warrant (each whole Common Share purchase warrant, a "Warrant"). Each Warrant will be exercisable to acquire one Common Share (a "Warrant Share") for a period of 24 months following the Closing Date at an exercise price of \$1.25 per Warrant Share.

In the event that the volume weighted average trading price of the Common Shares for any twenty (20) consecutive trading days on the TSX Venture Exchange (the "TSXV") exceeds \$1.75, the Company shall have the right to accelerate the expiry date of the Warrants upon not less than fifteen (15) trading days' notice.

The Company intends to use the net proceeds from the Offering to execute its growth strategy to geographically expand its presence in Canada, for working capital, and for general corporate requirements.

The offering is expected to close on or about November 5, 2020 (the "Closing Date") and is subject to certain conditions including, but not limited to, the receipt of all necessary approvals including the approval of the TSXV and the applicable securities regulatory authorities.

The Units will be offered by way of a short form prospectus to be filed in Alberta, British Columbia, Ontario, and Quebec pursuant to National Instrument 44-101 - *Short Form Prospectus Distributions* and in the United States on a private placement basis pursuant to an exemption from the registration requirements of the United States *Securities Act of 1933*, as amended.

In connection with the offering the Underwriters will receive: (i) a cash fee equal to 6.0% of the gross proceeds of the offering (including Units sold pursuant to the exercise of the over-allotment option); and (ii) that number of broker warrants equal to 6.0% of the Units sold under the offering (including Units sold pursuant to the exercise of the over-allotment option), each entitling the holder to acquire one Common Share for a period 24 months following the Closing Date at an exercise price of \$0.90 per Common Share.
