EXPERIENCE

Jared has been in the construction industry for over 10 years, having begun as a project engineer in new construction specializing with metal studs, drywall, and acoustical ceiling treatments. As a project engineer, Jared has overseen coordination of manpower, materials, and equipment deliveries while ensuring specifications are followed and work progressed on schedule and within budget, managing as many as 15+ jobs at one time.

Jared joined RMC in 2013, bringing a new outlook on construction practices and project management. His vast understanding of construction components while working alongside major general contractors ensures that claims are handled timely, efficiently, and responsibly.
