

Flexible Hosted Telephony and Unified Communications Packages

Like your ever-changing business needs, we're flexible. With pick and mix options, you can choose a combination of call functions, collaboration and unified communication tools, handsets and call rates to suit you.

Setting up is easy - just 3 simple steps

Pick your user licences

Each user has variable features to meet your business needs

| | Standard Office | Office Teams | Flexible Worker | Call & Collaborate |
|----------------------------|--|--|--|--|
| Why would you need this? | For businesses that have a small team who share call volumes | Businesses with larger teams that need to share call volumes | Businesses with larger teams that need to share call volumes and work over different sites | Businesses requiring unified communication tools internally and externally |
| PRICE (Per user per month) | £5.50 | £6.50 | £9.50 | £16.50 |

Pick your handsets and headsets or use your existing phones

For a one-off cost or pay monthly over the duration of your contract, you can select from the headsets and handsets shown overleaf. Compatibility checks will be required if you want to use your existing equipment.

Pick your call minutes

Inclusive call bundles - User call minutes can be pooled on a monthly basis e.g. 2 users with 100 minutes have 200 minutes to use between them.

| Per user | Lite | Heavy | Max |
