# PRODUCT SPECIFICATIONS FOR EAST OF THE MOON

Rock arrangements, raked gravel and rippled sand of a Zen garden reconfigured in pure geometric form in the signature style of Lara Bohinc; a mix of contradictions: bold yet light, graphic yet fluid, angular yet feminine. A hand tufted rug of finest pure wool with elements of linen with an elegant modernistic design. Where clean empty spaces stand in contrast to full areas to express the complexity of simplicity, the result being artful pieces in two different color palettes connected to nature and the garden itself: Shades of earth and rust, and nuances of grey.

## CARE ADVICE HAND TUFTED RUGS

To further extend the lifetime of your rug, Kasthall recommends a regular maintenance so that the rug may retain its shape and appearance. If you have a light, single-colour rug you will need to care for it more often than a darker, patterned rug. Thorough vacuum cleaning is the best, most economical and environmentally friendly cleaning method. Beating or shaking a rug may damage the fibers.

Note that it is quite normal for the rug to lose individual fibers when used, these are excess fibres and it does not affect the general quality of the rug. If you want to get rid of excess fibres faster, you can vacuum the rug daily for an initial period. It is most efficient to vacuum the rug one direction at a time. Remember that hand tufted rugs in linen are sensitive to water, so take particular care with the amount of water you use when removing stains.

## CLEANING ADVICE

We recommend that the rug is cleaned by a professional cleaner, using the extraction method on a flat surface. The quantity and temperature of the water will depend on the material and pile length. Good ventilation during the drying process is essential. Shrinkage will be about 3–5%. Kasthall's rugs are not to be machine-washed or dry-cleaned.
