## CARE ADVICE HAND TUFTED RUGS

To further extend the lifetime of your rug, Kasthall recommends a regular maintenance so that the rug may retain its shape and appearance. If you have a light, single-colour rug you will need to care for it more often than a darker, patterned rug. Thorough vacuum cleaning is the best, most economical and environmentally friendly cleaning method. Beating or shaking a rug may damage the fibers. Note that it is quite normal for the rug to lose individual fibers when used, these are excess fibres and it does not affect the general quality of the rug. If you want to get rid of excess fibres faster, you can vacuum the rug daily for an initial period. It is most efficient to vacuum the rug one direction at a time. Remember that hand tufted rugs in linen are sensitive to water, so take particular care with the amount of water you use when removing stains.

## CLEANING ADVICE

We recommend that the rug is cleaned by a professional cleaner, using the extraction method on a flat surface. The quantity and temperature of the water will depend on the material and pile length. Good ventilation during the drying process is essential. Shrinkage will be about 3-5%. Kasthall's rugs are not to be machine-washed or dry-cleaned. At [www.kasthall.com](http://www.kasthall.com) you can read more about our materials, how to look after your rug and our stain guide.

## CHOOSING A RUG

Choose the characteristics of the rug, its colour and design to suit the space in which it will be laid. If it is to be laid in a hall, for example, you may choose a type of rug that is more resistant to wear, and a colour that is a little darker and dirt-tolerant. Use a rug as a means of bringing together the rest of the interior. Decide whether you want to place a sofa on the rug or at its edge. If a rug is to be placed underneath a dining table, add at least 60 cm all round the table to allow space for pulling out the chairs. Hand tufted rugs are suitable for creating cosy environments with warm acoustics. Depending on the quality, hand tufted rugs can work equally well in domestic settings and public spaces. Ideal for use in living rooms, bedrooms and in lounge environments and hotel rooms.

Examples of commonly used rug sizes:

1. Dining table with 6 chairs: rug size 200x300 cm
2. Dining table with 10 chairs: rug size 300x400 cm
3. Three-seat couch with armchairs: rug size 170x240 cm
