Total height: approx. 5 mm

Total weight: approx. 2650 g/m²

Roll width: approx. 400 cm

Roll length: approx. 30 m

Wear classification:
(EN 1307) Class 23
Domestic heavy

Wear classification:
(EN 1307) Class 32
Commercial general

Castor chair suitability:
Intensive use (EN 1307)

Electrical behavior:
Antistatic (EN 14041)

Stair suitability:
Intensive use (EN 1307)

Acoustic properties:
Impact sound insulation
approx. 16 dB (EN 1307)

Slip resistance:
DS (EN 14041)

Reaction to fire:
Cfl-s1 (EN 13501-1)

Luxury rating:
LC1 (EN 1307)

CE MARK REGULATION (EU)
No 305/2011 – Council Directive 89/106/EEC
(ref 2531-CPR-CXA10211)

ENVIRONMENT AND SUSTAINABILITY

Emmission tested: IAC GOLD (ref 392_2018-00051405_A_EN)

Building product declaration: BVD HF 10040

Building assessment program: Byggsvarubedömingen (ID 85576) Accepted, SundaHus, Basta

In compliance with: LEED v.4, BREEAM International GN22 v2.3, BREEAM-NOR New construction v1.1

CARE ADVICE WALL-TO-WALL CARPETS

All carpets retain their appearance for a longer time if you remove dirt and stains regularly. If you have a light, single-colour carpet you will naturally need to clean it more often than a darker, patterned one. Almost all dirt comes from outside. If you want to prevent it from coming all the way in you can place a good-quality scraper mat outside the door and an entrance mat inside. Effective vacuuming is the easiest and most environmentally friendly cleaning method. It is also the most economical. When you vacuum regularly you remove all the loose dirt and dust.

CLEANING ADVICE

We recommend that cleaning is carried out by a professional cleaning company. At www.kasthall.com you can read more about our materials, how to look after your carpet and find our stain guide.

OTHER INFORMATION

Important information when ordering wall-to-wall carpets and runners:

- We recommend that our carpets are installed by professional carpet-fitters. Some carpets should be laid on underfelt with gripper strips, while others can be glued direct to the floor. Contact us for more information and laying instructions.
- Depending on the materials used and the different processes in production, dimensions of the carpet may vary by up to 3%.
- Note that variations in colour and texture can arise between batches of yarn and dye baths.
- Please note that certain restrictions apply to stitching of concave shapes/lines. For rugs with concave shapes/lines, please submit drawing to Kasthall prior to placing the order.
- All runners should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the carpet and reduces the risk of slipping.
- In longer corridors the runner should be laid on underfelt with gripper strips.

SUSTAINABILITY AT KASTHALL

Sustainability is rooted in Kasthall's history. It was there when we started and continues today in our work and ambition to contribute to a sustainable future. It is evident in our circular approach to design and in a fully-traceable supply chain to reduce our impact on people and planet. It is part of our commitment to local Swedish production and a made-to-order system that creates less waste. We also use third-party environmental declarations and assessment to ensure reliability. Read more about our sustainability work and philosophy at kasthall.com.
