

### INSTRUCTOR-LED TRAINING

#### ONESTREAM SOLUTIONS

## Level 2: Specialty Planning

### Course Description

This course covers the main aspects of the Specialty Planning Solutions with a focus on Thing Planning. This class demonstrates how to incorporate 'specialty' data sets within an application that go beyond the traditional Financial Cube. Attendees will configure this solution to perform calculations and data analysis through a Budget Scenario and guided Workflow.

### Learning Objectives

After completing this course, learners will be able to:

- Discuss use cases for Specialty Planning solutions
- Discuss Thing Planning and the requirements gathering process
- Perform application setup and configuration
- Complete the steps to set up Thing Planning:
  - TLP Plan Drivers
  - TLP Calculation Definitions
  - TLP Calculation Plan
  - TLP Plan Analysis
  - TLP Results Import to Financial Model
  - TLP Administrations

### Who Should Take This Course

Administrators and OneStream Implementers should attend this course.

### Prerequisites and Advanced Preparation

Prior to taking this course, you should have completed one of the following courses, or possess equivalent knowledge:

- OneStream Essentials: OneStream Administration
- OneStream Essentials: Implementing OneStream

In addition to the course prerequisites above, all learners must be familiar with the financial model including OneStream Dimensionality and Cubes. All learners must be proficient with concepts such as Workflow, Member Formulas, Finance Business Rules, Cube Views and Dashboards. The basic concepts of these features are covered in the courses listed above and will not be covered in this class.

### Duration

- Instructor-Led: 2-Day

### Class Size

Public classes require a minimum of four students registered within seven days of the class start or they may be cancelled at OneStream's discretion. Once the registered class size reaches its limit (differs by location), it will be closed to additional students.

### Continuing Professional Education Credits

OneStream Software is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website at: [www.NASBARegistry.org](http://www.NASBARegistry.org).

16 CPE Credits are available for attending this course in the areas of Finance (12) and Information Technology (4). Contact the [Training Support Team](#) if you have interest in CPE Credits for this course.

## Registration

Training registration and payment are completed through our online registration system. Payments can be made by credit card or wire transfer. Once registration is complete, you will receive a training confirmation and a receipt. This course is offered as Instructor-Facilitated (group-live/group internet-based).

Questions? Contact the Training Support Team by submitting a case form on the [ServiceNow Support Portal](#).
