

Our Team

Our Infusion team receives ongoing in-services, ensuring that team members are well trained in the latest techniques and pharmaceuticals.

All are registered nurses who specialize in infusion therapy and provide the following care:

- Carry out your physician's orders
- Administer the infusions and/or injections
- Monitor your response to treatment
- Monitor lab results
- Help you better understand your individualized therapy

Location

For your convenience, we are located on the third floor of the Lane Medical Plaza & Outpatient Diagnostic Center at 6550 Main Street in Zachary.

LANE INFUSION CENTER

Lane Regional
Medical Center

Care You Can Count On

The Lane Infusion Center offers an excellent alternative to the traditional hospital setting for receiving intravenous infusion therapy prescribed by your doctor.

Our goal is to provide caring, customized treatment in a professional, relaxed environment.

Services Provided

Lane Infusion Center provides intravenous infusions for antimicrobial therapy and therapeutic infusions including but not limited to:

- **Hydration and electrolyte management**
- **Blood product administration**
- **Iron deficiency management**
- **Remicade infusions**
- **Reclast infusions**
- **Immunoglobulin therapy with IVIG**
- **Subcutaneous management therapies, such as Neupogen**

For questions about additional infusion services, please call 225-658-4522.

For Your Comfort & Convenience

Each infusion station has its own flat screen television with many channel options, and guest chairs are available for family or friends who would like to sit with you during your therapy. Reading materials, blankets, and snacks are available for your comfort. You'll also have access to wireless internet on your laptop, phone or tablet.

Flexible Scheduling

Our Infusion team will help you find treatment times that will accommodate your busy schedule. Although the length of time varies according to the type of infusion therapy you will be receiving, our team will be happy to answer any questions you may have, so that you can plan accordingly.

Insurance

We accept most insurance plans. After your physician contacts us regarding your infusion therapy needs, our office will verify your insurance coverage, coordinate your benefits, schedule your initial visit and any follow-up infusions, and take care of coding and billing for your treatments.
