INDEPENDENT AUDITORS' REPORT

Board of Trustees
The Community Foundation for Crawford County

We have audited the accompanying financial statements of The Community Foundation for Crawford County (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Community Foundation for Crawford County as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

THE COMMUNITY FOUNDATION FOR CRAWFORD COUNTY
Notes to Financial Statements
December 31, 2020

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: The Community Foundation for Crawford County (the "Foundation") is a not-for-profit Ohio Corporation. The Foundation is responsible for charitable funds and the income generated by the funds of many donors. The Foundation is committed to promoting the well being of mankind and to serving the general charitable, educational and scientific needs of the inhabitants of the Crawford County, Ohio area through charitable grants at the discretion of the Board of Trustees.

Basis of Accounting: The financial statements of the Foundation have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash Flows: For purposes of the statements of cash flows, the Foundation considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments: Investments are valued at fair value as determined using quoted closing values from recognized exchanges. Unrealized gains and losses for the year are included in the statement of activities and changes in net assets. Investment income, gains and losses are recognized as without donor restrictions or with donor restrictions based upon the existence or absence of donor-imposed restrictions. Purchases and sales of securities are recorded on the trade date.

Grants: Grants are recorded as expenses when they are approved by the Board of Trustees for payment and grant conditions are satisfied.

Tax Status: The Foundation is exempt from Federal income taxes as a not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code and has been classified as an entity that is not a private foundation within the meaning of Section 509(a).

Accounting principles generally accepted in the United States of America require management of the organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more than likely would not be sustained upon examination by the Internal Revenue Service. Management has evaluated income tax positions it has taken and has concluded there are not uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements at December 31, 2020. The Organization's returns are subject to examination by the Internal Revenue Service, generally for three years after the date the return is filed.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Statement Presentation: The Foundation reports information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions - net assets that are available for use in general operations and not subject to donor imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Trustees.

Net assets with donor restrictions - net assets that are subject to donor imposed stipulations or that are subject to the Foundation's spending policy. As a community foundation, the Foundation possesses variance power over funds. Variance power is the unilateral right to remove donor-imposed restrictions upon a gift in response to changed circumstances. Notwithstanding the variance power, the Foundation has a fiduciary responsibility to honor the donors' intent and follows the practice of respecting the donor's grant-making preferences, as stated in their gift agreement, when they establish a fund with the Foundation. Net assets may be restricted for a specific use or by time. When donor restrictions have been met, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities & Changes in Net Assets as net assets released from restrictions.

Contributions: Contributions, which include unconditional promises to give, are recognized as revenues in the period the contribution is received or the promise is made. Contributions are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions.

Agent Liabilities: Agent liabilities are funds received by the Foundation as an agent where the donor specifically designates itself as the beneficiary of the funds they established for their own benefit. These amounts are not considered contributions and, therefore, are recorded as a Fiscal Agent Payable included in liabilities.

Property and Equipment: Expenditures for additions and improvements over \$500 are capitalized and expenditures for maintenance and repairs are charged to expense as incurred. Additions and improvements to property and equipment are recorded at the original purchase cost or at fair value for donated assets. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Administrative Fees: Administrative fees are charged to and expensed from the funds to support the operations of the Foundation. Administrative fees from all funds are reflected as revenue on the Statement of Activities. The administrative fees from agent liabilities are not included as expenses on the Statement of Activities because they are included in the change in agent liabilities.

B - INVESTMENTS

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

The following investments as of December 31, 2020 in debt and equity securities are recorded at fair value on a recurring basis.

Available for sale at December 31, 2020	Level 1	Level 3	Fair Value

Contributions, income, fees and distributions are reflected as adjustments to the liability account and are not reflected in the Statement of Activities.

The change in fiscal agent payables is as follows:

Notes to Financial Statements

F - UNIFORM PRUDENT MANAGEMENT OF INSTITUTIONAL FUNDS ACT

The State of Ohio adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) effective June 1, 2009. The Board of Trustees has interpreted UPMIFA as requiring endowment funds to be classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

G - SUBSEQUENT EVENTS

The Foundation has evaluated all subsequent events through January 18, 2022, the date the financial statements were available to be issued.

The current Coronavirus pandemic has had an economic impact on the United States and the international community. While the Foundation has not experienced a material adverse impact as of the date of the financial statements, the future impact, if any, cannot be determined.

H - RISKS AND UNCERTAINTIES

The Foundation invests in various financial securities. Financial securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain financial securities, it is at least reasonably possible that changes in the values of financial securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial condition.

I - PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

Land	\$ 22,153
Buildings	323,569
Computers and website	38,507
Furniture & fixtures	<u>35,580</u>

Property and equipment, net	<u>\$ 274,829</u>

J - ENDOWMENT

The majority of the Foundation's funds consists of endowed funds established for a variety of purposes. These funds include both donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor imposed restrictions.

THE COMMUNITY FOUNDATION FOR CRAWFORD COUNTY

Notes to Financial Statements

December 31, 2020

J - ENDOWMENT (continued)

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for granting purposes while seeking to maintain the purchasing power of the endowment assets. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distributions with acceptable levels of risk. Endowment assets are invested in a well diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of approximately 3% to 5%, while growing the funds if possible. The investment policy establishes an achievable return objective through diversification of asset classes by the Foundation rebalancing the asset mix to remain within an acceptable level of risk as determined by the Board of Trustees. Investment risk is measured in terms of total endowment funds; investment assets and allocation between asset classes and strategies are managed to not expose the funds to unacceptable levels of risk.

Endowment funds by net asset type at December 31, 2020 and changes therein were as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Board designated funds	\$ 9,773,737	\$ -	\$ 9,773,737
Donor restricted funds	-	11,533,172	11,533,172

N - NEW ACCOUNTING PRONOUNCEMENTS

The following Financial Accounting Standards Board (FASB) Accounting Standards Updates (ASU) were adopted during the year ended December 31, 2020:

ASU 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (Topic 820)*, which amends certain disclosure requirements related to fair value measurements. The adoption of this ASU had no material impact on the Foundation's financial statements.

The following FASB ASUs are issued but not yet effective:
