

NEPTUNE VAULT ACCOUNTS®

The Neptune Vault Accounts lead the precious metals investment world as the most innovative and option rich way to own and trade physical precious metals.

A Neptune Vault Account incorporates all the most important characteristics of a superior investment asset; price efficiency, liquidity, real-time trading, transparency, divisibility, and risk mitigating elements. A Neptune Vault Account is simply the optimal way for investors to buy, hold, and trade physical precious metals.

The Neptune-GBX trading platform offers the Gold Vault Account, Silver Vault Account and patented PMC Ounce.

THIS TURN-KEY PROGRAM INCLUDES:

- Gold Vault Account
- Silver Vault Account
- PMC Ounce® Precious Metals Composite

KEY VAULT ACCOUNT BENEFITS

CONVENIENT PHYSICAL PRECIOUS METALS INVESTING

Investors can easily own, hold, and trade physical precious metals without a financial instrument between the investor and underlying asset. A Neptune Vault Account is not “paper bullion,” but true physical metals investing.

COST-EFFICIENCY - LOWER PREMIUMS

Significantly lower premiums and tighter bid/ask spreads than those of most physical bullion products.

VALUABLE STRATEGIC ACCOUNT GUIDANCE

The Neptune-GBX team is ready to assist clients with setting up an account, trade execution, and general assistance with related supporting services*

CONFIRMATION OF OWNERSHIP

Investors receive detailed trade confirmations in conjunction with verification of asset ownership positions directly from the depository. The depository is an independent, insured, exchange regulated, third-party non-bank bullion depository.

EXEMPLARY HISTORY AND PROVEN PERFORMANCE

Neptune Global has been a pioneer and leader in the precious metals market for over twenty years. Neptune continues to provide innovative products and services to precious metals investors that are not available anywhere else. In conjunction with its dynamic and patented products, Neptune also offers all the traditional and internationally traded bullion bars and coins.

ONLINE CLIENT PORTAL

Neptune's clients are provided access to its online portal. The client portal tracks and reports investment positions, real-time account valuations, and transaction history along with other valuable information and tools which empower clients.

INSURED STORAGE

Delivery into the client's account and insured storage of the bullion associated with each trade happens seamlessly and automatically. Ownership of bullion purchased and held by Neptune's clients is recorded individually at the depository level.

LIQUID AND DIVISIBLE

Excellent liquidity and a level of trade divisibility not available with other physical precious metals investment assets.

IRA APPROVED

Regular IRA, Roth, SEP, and 401k Rollovers.
