

VIRTUAL HEALTH FAIRS

Virtual Health Fairs are a great opportunity for employees to learn about the different health and wellness benefits that are available to them as well as a chance to become more aware of their own health and well-being.

While virtual fairs may be a new concept to many, the benefits of hosting an event that can be accessed globally is priceless. Wellable can take what appears to be a daunting task and assist you in innovating and reformatting your on-site health fair into a fun, experiential virtual engagement opportunity.

OPTION 1 Self-Directed

Choose from an array of a la carte events and classes to be delivered by Wellable during your virtual wellness fair.

OPTION 2 Full-Service

Along with a dedicated account manager, Wellable's team of professionals partner with you to manage all aspects of planning the virtual health fair, including online streaming for all events, activity programming, event registration management, third-party vendor management, internal marketing and communications, reporting, and more!
