

Instant Discount Program Non-Residential Customers

Met-Ed • Penelec • Penn Power • West Penn Power

Start Saving Right Away with Instant Discounts on Energy- Efficient Upgrades

Through the Instant Discount Program, FirstEnergy's Pennsylvania utilities are making it easier and more cost effective to make energy efficiency upgrades. Eligible businesses or facilities can receive instant discounts on qualifying products at the time of purchase through participating distributors. For a full list of participating distributors, visit energysavePA.bizsolutions.com/instant-discounts.

Benefits of the Instant Discount Program:

- Minimizes paperwork and eliminates the wait to receive your discount
- Lowers the upfront cost of high-efficiency products
- Provides a mix of products that deliver optimal energy savings in a cost-effective manner

To learn more, contact us at
MidFirstEnergyPA@franklinenergy.com
or 844-323-6399.

Below you'll find examples of energy-saving products with available instant discounts!

For full incentive information or to see if your purchase qualifies for instant discounts, please check with your participating distributor.

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysavePA.com.

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
