

# Shared Services and Commercial Opportunities (Product)

# What is the problem to be solved?

If we are going to be seen as specialists in manufacturing software, and to (ourselves) become more specialised over time, then we need to display manufacturing competence.

So, how do we equip our sales team with the knowledge and experience to be seen (by our customers) as experienced manufacturing people and Trusted Advisors?

# Objective

The objective of the Shared Services Model is to define a framework that will allow the customer facing staff **access to specialist manufacturing an SYSPRO knowledge** to upskill them and to assist them during customer interactions.

# Services Offered
