

# Certification Path 7: SYSPRO User System Administration Role

The System Administration Role certification path is aimed at **SYSPRO Users** who may perform the role of **System Administrator**. This path focuses on the SYSPRO 7 administration-related solutions, including security and customization, as well as SYSPRO Espresso and SYSPRO reporting administration.

**Prerequisite:** Certification Path 7: SYSPRO Onboarding for SYSPRO Users

The Level 1 certification assesses users on the core SYSPRO administration solutions, which include but are not limited to system configuration, system management, importing and archiving, shortcuts, and utilities and diagnostics; role-based security, passwords, groups, operators, electronic signatures, monitoring, and auditing; menu, desktop, program, and language customization, as well as power tailoring using VBScripting; and *SYSPRO Espresso* administration.

The Level 2 certification assesses users on the SYSPRO administration reporting aspects which include but are not limited to the *SYSPRO Reporting Services* and *Report Writer* modules, as well as the **Financial Reporting** feature.

The Level 3 certification assesses users on their SYSPRO administration problem-solving abilities.
