Emeritus and Senior
Fellow, Institute for
Healthcare Improvement
(IHI)

Elena Origlio
Associate Manager

Juliet Matton
Project Manager

IHI Fellows – 2020-2021

Fellows will:

Bring new ways of thinking and innovative ideas for improving the quality of patient care, reducing harm, and improving quality of care and patient-centered outcomes back to their organization

Make a direct impact on their system while pursuing a strategic project with metrics tied to strategic organizational goals

Deepen their knowledge in quality and safety science

Learn how to lead system changes in quality, safety, and culture, including how to engage, influence, and impact culture change

Fellows will be exposed to:

Quality and Safety Content

- Access to and guidance from renowned IHI leaders and faculty, including health care quality and safety experts, and innovative leaders who have improved systems in other industries

Leadership skills

- A final presentation made to program peers, faculty, and project sponsor from the participants home organization
- Interactive case studies and simulation-based learning opportunities

Fellows will be exposed to:

Support and Networking Opportunities

- A lasting and meaningful global network of peers and faculty, allowing for an exchange of advice, ideas, and support in the long-term (this includes an exclusive alumni network)
- Senior sponsorship and active engagement from your home organization's executive team, including quarterly sponsor progress check-ins

Mentoring

- A dedicated mentor providing continuous feedback and support

Fellows can expect

- Access to key modules from the IHI Open School so they can refresh their knowledge of improvement science and patient safety principles and methods before starting their fellowship
- Access to the CPPS online review course and credentialing exam
- Two, four-day virtual retreats (February and June, 2022)
- Bi-weekly live virtual meetings
- Bi-weekly self-paced online learning modules
- Independent learning assignments
- A final presentation made to program peers, faculty, and project sponsor from the participants home organization

About CPPS

- Launched in 2012 by the Certification Board for Professionals in Patient Safety (CBPPS) at the National Patient Safety Foundation
- Rigorous and comprehensive credentialing process that attest to patient safety competencies and expertise
- Evidence-based examination covers 5 patient safety domains:
 - Culture
 - Leadership
 - Patient Safety Risks and Solutions
 - Measuring and Improving performance
 - Systems thinking and Design / Human Factors

Typical Learning Month:

This Photo by Unknown Author is licensed under [CC BY-NC-ND](#)

1 hour of Fellowspace and Creating Connections

1 hour of live instructor-led learning (curriculum based)

1 hour of independent learning

1 hour of independent Affinity Group participation

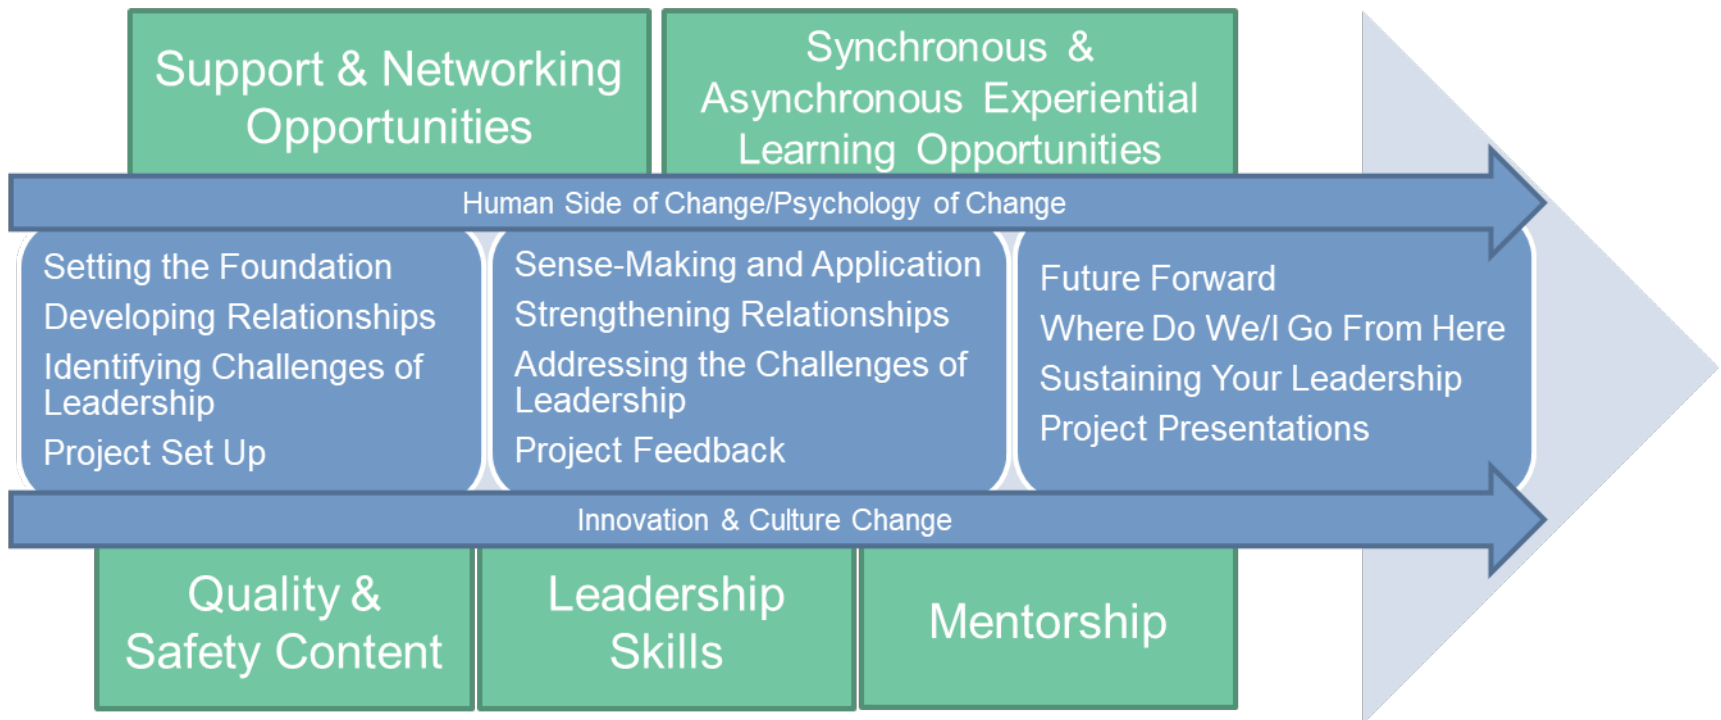

Agenda

Workshop	Date	Details
Virtual Meet and Greet Technology Training	<i>Live:</i> November 17, 2021
