

CFPN[®]

**CERTIFIED FOUNDATIONAL
PERIOPERATIVE NURSE[®]**

HANDBOOK

ABOUT THIS HANDBOOK

This handbook describes the requirements for obtaining the Certified Foundational Perioperative Nurse (CFPN®) certification. Applicants and certificants must comply with the requirements outlined in this handbook. Failure to do so may result in the Competency & Credentialing Institute (CCI) acting against your eligibility or certification. It is the responsibility of each applicant and certificant to familiarize themselves with the content of this handbook and any essential linked documents.

This handbook has clickable images and links within the text that lead directly to CCI documents. The Table of Contents has anchored bookmarks, and a Table of Contents icon () on the corner of each page will return you to the Table of Contents page. New versions of this handbook will be published as needed, and applicants preparing for future applications should check the current version before applying to ensure they adhere to the current requirements.

CCI does not discriminate against any individual because of race, ethnicity, gender, age, creed, disability, religion, marital status, sexual orientation, natural hair, or national origin. Allegations of discrimination can be reported via our [Contact Us Form](#).

CCI reserves the right to amend all procedures outlined in this handbook at any time and without notice. This includes information related to testing content and examination fees.

Certification

Certification, as defined by the American Board of Specialty Nursing Certification (ABSNC), is the formal recognition of the specialized knowledge, skills, and experience demonstrated by the achievement of standards identified by a nursing specialty to promote optimal health outcomes.

Purposes of Certification

- Demonstrates commitment to accountability to the public for safe nursing practice.
- Enhances quality patient care.
- Identifies registered nurses who have demonstrated professional achievement in providing perioperative nursing leadership and management.
- Provides employing agencies a means of identifying the professional achievement of an individual nurse.
- Provides personal satisfaction for practitioners.

Objectives of Certification

- Recognizes the individual professional nurse who is proficient in practice.
- Strengthens use of evidence-based theory in assessing, planning, implementing, and evaluating patient care.
- Enhances professional growth through continued learning that results in greater depth of knowledge and expanded skills.

Rationale

The CFPN® certification documents the validation of the professional achievement of identified standards of practice by an individual registered nurse who provides nursing care for the patient during the perioperative period, defined as pre-, intra-, and postoperative. This recognition program acknowledges the professional achievement demonstrated by an individual nurse's performance required for competent practice in the perioperative setting.

CFPN® CREDENTIAL BACKGROUND

CFPN® certification establishes a standard of baseline perioperative nursing competency and is designed to be a first step in the professional development journey of new perioperative nurses.

CFPN® is a two-year credential with no recertification mechanism. Nurses who hold an active CFPN® will become eligible to pursue CNOR® or CNAMB® at an accelerated pace. Once the nurse holds the CFPN® Credential, they may apply for the CNOR® or CNAMB® credential with only 18 months and 2,400 hours of experience in the OR, regardless of when they obtained the CFPN® Credential.

Although a specific title or position is not required as part of the eligibility criteria for the CFPN® credential, it is targeted to the early stage of the career path.

The CFPN® certification requires the following:

- The nurse has a thorough and sound foundation of the knowledge and skills required for competent perioperative clinical practice. Knowledge can be obtained through work experiences, independent learning, and formal educational programs.
- The CFPN® exam is based on what a registered nurse in the perioperative setting is expected to know upon completing their orientation period. The exam assesses a combination of experiential and cognitive knowledge of competent clinical practice.
- An understanding of the test-taking process applicable to the exam. Applicants must successfully demonstrate competence by responding to multiple-choice questions. A detailed tutorial on answering multiple-choice questions is provided at the beginning of the CFPN® exam.

Exam Development

CCI periodically conducts test development activities to capture the current knowledge and skill set required of perioperative nurses upon completion of their orientation. A complete list of test development committees is presented in [CFPN® task and knowledge statements](#). Task and knowledge statements are developed using the results of the CNOR® job analysis and constitute the blueprint for the CFPN® certification exam which must be completed to earn the credential ([see the complete list of CFPN® task and knowledge statements](#)). It is recognized that the task and knowledge statements may not reflect all specific tasks performed by an individual functioning in this role, especially in niche or highly specialized environments.

Cultural bias occurs in testing materials when test items assess knowledge or experiences specific to a certain culture. To address the issue of cultural bias, all questions on the CFPN® exam are screened for cultural bias by a diverse panel of nurses holding the CFPN® credential. This review is conducted under the supervision of test development experts from our testing partner.

Credential Accreditation

CFPN® is accredited by the American Board for Specialty Nursing Certification (ABSNC).

CFPN® CREDENTIAL OVERVIEW

CFPN® is an acronym and stands for Certified Foundational Perioperative Nurse. To earn the CFPN® credential, applicants must meet all eligibility requirements at the time of application and eligibility requirements at the time of application and pass the certification exam.

Eligibility Requirements

There are no waivers for eligibility requirements. **To be eligible, you must:**

- Hold a current, unrestricted RN license in the state or country of practice.
- Certificate of completion from a perioperative nursing orientation program. The program must have a didactic (classroom) and a clinical component.
 - If selecting a facility-based program or audited, the applicant will be required to submit the course syllabus as part of the application process.
- An application must be submitted within 23 months after the initial hire date in the operating room. CFPN® must be earned before reaching 24 months (2 years) of experience.
- Currently working full- or part-time in perioperative nursing, including nursing education, administration, research, or clinical practice.

CFPN® Exam Subject Areas

The CFPN® certification exam is comprised of the following subjects. For a complete list of task and knowledge statements for the CFPN® exam can be found [on CCI's website](#).

CFPN® Subject Area	Percent of Exam	Number of Questions
1. Pre/postoperative Patient Assessment and Diagnosis	15%	18
2. Individualized Plan of Care Development and Expected Outcome Identification	8%	10
3. Management of Intraoperative Activities		
a. Patient care and safety	25%	30
b. Management of Personnel, Services and Materials	9%	11
4. Communication and Documentation	11%	13
5. Infection Prevention and Control of Environment, Instrumentation and Supplies	16%	19
6. Emergency Situations	10%	12
7. Professional Accountabilities	6%	7
Total	100%	120

CFPN® Credential Exam

- 120 multiple-choice questions; 100 items are scored
- 2 hour and 30 minute test administered by Remote Secure Proctored Exam
- 3-month testing window
- Results are pass or fail. If fail results are received, the nurse must re-apply to continue pursuing CFPN®.
- The nurse may re-apply and re-take the test in a new testing window until they become eligible for the CNOR® or CNAMB® certification.
- Once the nurse reaches eligibility for CNOR® or CNAMB®, their eligibility for CFPN® ends.

How to Apply

Applicants may apply for CFPN® by [creating an account or logging in to their existing account](#). The application will take approximately 15 minutes. The following information is required to complete the online application.

- Personal contact information: address, home and work phone numbers, and e-mail.
 - Make sure you are using an e-mail that you plan to use long-term and will allow you to receive communications from CCI. Your e-mail will also be your login ID.
 - Use your legal name as it appears on your original, valid (unexpired), government-issued photo ID bearing a signature.
- RN license expiration date and number, state(s) licensed to practice.
- Perioperative work history: date began working in the OR, current position, and current practice area
- Employer contact information: facility name, address, and phone number
- Supervisor contact information: name, address, e-mail, phone number
- Perioperative orientation course and dated certificate of completion
- Course syllabus, which includes details of the clinical and classroom components
- Payment information

Certification Fees

Applications cannot be processed without payment. All fees and/or outstanding debts to CCI must be paid in full. All required fees are non-refundable.

CFPN® Certification Fee	Price
CFPN® Application Fee	\$195

Verification of Application Information

CCI may verify information on applications. If there is any reason to believe that any applicant might not have met eligibility requirements, or if an outside party informs CCI that an individual has not met certain requirements, the application may be flagged for audit. In addition, a percentage of certification applications are randomly selected for audit. The Credentialing Department will contact the individual by e-mail to obtain documentation to substantiate the information in question. Information may be verified by telephone, e-mail, and/or letter by the Credentialing Department. All information gained through verification procedures will be confidential, except when the law demands disclosure of facts. Under no circumstances will the reporting party be disclosed.

Verification may include but is not limited to the following information:

- An employee verification form that a current manager, supervisor, or HR must complete.
- Verification of applicant's RN license through NURSYS.
- Review of perioperative orientation program documentation including syllabus and orientation certificate of completion.
- Verification of professional nursing history through contact with past employers if needed.

The applicant is responsible for providing any information missing from the application. Should any information on the application be found false, the applicant will be notified and declared ineligible to continue in the certification process. Delayed submission of documents and/or submitting incomplete documentation may result in a shortened testing window. An e-mail will be sent to the applicant detailing the audit results after the documents have been reviewed.

Failure to comply with all audit requirements by the 30-day deadline or to successfully pass the audit will terminate your application. No refunds of the application fee paid will be provided to applicants that do not successfully pass the audit.

FACILITY ENROLLMENT PROGRAM

The CFPN® certification facility order form is available to hospitals and health systems interested in bulk purchasing exams for nursing staff.

Facility Enrollment Fee

Facilities may register multiple nurses at a reduced rate. Fee for facilities that register a minimum of five (5) CFPN®-eligible nurses is \$175 per participant, a \$20 discount per nurse. All participants must be employed at the same facility. Payment must be made in a single transaction by facility check or credit card; individuals may not make a payment on behalf of the facility.

Interested in Facility Enrollment Program

If you are a facility registering five or more CFPN®-eligible nurses, download [our CFPN® Exam Facility Order Form](#), which includes complete details on the [Terms and Conditions](#) of the CFPN® Exam Facility Enrollment program.

A facility can add Participants to your original term within the first 5-months, download the [CFPN® Exam Facility Participant Addendum](#) located at the end of the order form.

CCI may amend the CFPN® Facility Enrollment program at any time with or without notice.

Guidelines and Restrictions

A Facility Exam term will commence as determined by the date CCI approves the [CFPN® Exam Facility Order Form](#) and notifies the Administrator via e-mail. If the approval is between the first (1st) and fifteenth (15th) of the month, the Term will begin on the first (1st) of the calendar month of order approval. If the approval is between the sixteenth (16th) and the end of the month, the Term will begin on the first (1st) of the following month.

All exams must be completed by the end of the Term. Any unused exams will be forfeited. Extensions to the original 12-month Term will not be granted.

A facility may add participants to its original term until the end of month 5. The original term will not be extended or modified for new participants. A [CFPN® Exam Facility Participant Addendum](#) is required. Substitutions may be granted on a case-by-case basis at CCI's sole discretion.

The CFPN® exam consists of 120 multiple-choice questions. Of the 120 questions, 100 are used to calculate your test score. The remaining 20 questions are pre-test questions and do not affect your score. Pre-test questions are dispersed throughout the exam and cannot be identified by an examinee.

The exam is a timed test and must be completed in 2 hours and 30 minutes. The computer hosting the exam will keep the official time.

The computerized format of the test requires basic computer knowledge. An optional pre-exam tutorial will provide instructions on how to take the test on the computer. It will also provide examples of how to select answers and mark any questions you may want to return to and review before finishing the exam. The time allotted for completing the tutorial is separate from the actual exam time.

Recommended Study Time for CFPN® Exam

The recommended study period to prepare for the CFPN® certification exam is three months. Reviewing the [task and knowledge](#) statements for each subject will aid in identifying areas of strengths and weaknesses. Align these identified areas for additional study or experience with the [CFPN® Study Plan](#). Keep in mind how many questions or what percentage of the exam is contained within each of the subject areas being studied. Using a variety of preparation aids and frequent review sessions has been found to increase comprehension and retention of information.

Reference Materials

Four primary references are recommended in preparing for the CFPN® Exam:

- AORN. (current edition). *Guidelines for perioperative practice*. AORN
- Phillips, N., & Hornacky, A. (Eds.). (2021). *Berry and Kohn's operating room technique* (14th ed.). Elsevier.
- Rothrock, J. C. (Ed.). (2023). *Alexander's care of the patient in surgery* (17th ed.). Elsevier.
- Odom-Forren, J. (Ed.). (2024). *Drain's perianesthesia nursing: A critical care approach* (8th ed.) Elsevier.

The CFPN® exam is republished regularly to reflect updated content in the primary references listed above.

Schedule Exam Appointment

The CFPN® Exam is delivered exclusively online as a remote secure, proctored exam. The option to schedule will be available in your [CCI account](#) once you submit your application and make payment. You are responsible for scheduling an appointment to take the exam. You are strongly encouraged to schedule your appointment as soon as possible, as availability is on a first-come, first-served basis, and CCI cannot guarantee appointment availability. PSI administers exams by appointment only. Appointment times vary by proctor availability.

If you are randomly selected for audit, the option to schedule will be available **after** submission and approval of required documentation.

Internet scheduling is available 24 hours a day, 7 days a week. To schedule online, click the “PSI Exam Scheduling” button in your CCI account. This will direct you to PSI’s scheduling system.

To schedule an examination by phone, please call PSI at **855-834-8752**. Live operators are available at the following times:

Time Zone	Monday-Friday	Saturday-Sunday
Eastern	7:30am - 10:00pm	9:00am - 5:30pm
Central	6:30am - 9:00pm	8:00am - 4:30pm
Mountain	5:30am - 8:00pm	7:00am - 3:30pm
Pacific	4:30am - 7:00pm	6:00am - 2:30pm

CFPN® Exam is Offered

The exam is offered to applicants 24 hours a day, year-round, as permitted by PSI appointment availability. The exam is only available on your personal computer through PSI’s Remote Secure Proctored Exam (RSPE).

Once your application has been approved, you have a 3-month window to schedule your Remote Exam. An applicant’s 3-month testing window opens the month immediately following application submission, as illustrated below. It is the applicant’s responsibility to schedule an appointment and ensure their appointment is completed before the end of their testing window.

Applicants may test only **once** during any testing window.

Application Approved	Testing Months	Application Approved	Testing Months
January	February, March, April	July	August, September, October
February	March, April, May	August	September, October, November
March	April, May, June	September	October, November, December
April	May, June, July	October	November, December, January
May	June, July, August	November	December, January, February
June	July, August, September	December	January, February, March

Failure to Schedule

If you fail to schedule an appointment in your 3-month testing window, your entire testing fee is forfeited. Current eligibility criteria must be met to reapply, and the fee applicable at that time must be paid.

Tardiness or Missing of Test Appointment

Applicants may log in for their exam up to 30 minutes prior to the scheduled start time but may not be connected with a proctor until their exam time. For remote secure proctored exam appointments, if you do not start your exam within 15 minutes of your scheduled appointment time, you will be considered a no-show applicant. Your entire exam fee is forfeited.

Secondary Application and Testing

Subsequent exam applications cannot be submitted in the same exam window as an unsuccessful exam attempt. You must wait for your 3-month testing window to expire before you can apply to retake the Knowledge-Based Test. The total exam price must be paid for each exam attempt.

Due to CCI's commitment to quality and test security, there are multiple versions of the CFPN® Knowledge-Based Test, and those retaking the exam will not take the same exam as their first attempt.

Test Development Process

The Competency and Credentialing Institute (CCI) collaborates with our testing partner, PSI, in the test development process. Development and maintenance of the certification examination is the product of a scientifically rigorous process subject to accreditation agency oversight and approval. Additional information on the CCI test development can be found in our [Test Development Process Guide](#).

Scoring Methodology

For the CFPN® exam, there is one reported pass/fail decision score. Scores are determined by converting the number of questions answered correctly to a scaled score ranging from 200 to 800. You need a total scaled score of at least 620 to pass. Applicants should answer all questions on the exam, as any question not answered may count against the final score.

A scaled score is neither the number of questions you answered correctly nor the percentage of questions you answered correctly. A scaled score is transformed from the raw test score (the number of test questions answered correctly) and allows for consistent scoring across multiple exam forms.

CFPN® Exam Results

You will be shown a pass or fail notification immediately after you complete the exam. A more detailed score report will be e-mailed to you by PSI within 24 hours of exam failure. If you pass the exam, your score report will not include a detailed break down and the passing score will not be revealed. Scores will not be reported if the confidentiality of the exam is broken or misconduct during the testing session is reported.

SAMPLE EXAM QUESTIONS

The following questions represent similar content to what can be found on the examination. These questions are provided solely to offer applicants insight into the format of the examination and are not meant for study purposes. Practice questions can be [found online](#).

1. Which of the following statements is true regarding Surgical Site Infections (SSI)?
 - a. Only 10% of Surgical Site Infections are preventable.
 - b. SSIs are now a key quality improvement metric.**
 - c. Non-modifiable patient factors contributing to SSIs include obesity.
 - d. SSIs are no longer a major issue with modern surgery.
2. Which of the following is the highest priority for the circulating nurse at the beginning of a surgery?
 - a. Performing the initial surgical count.
 - b. Assisting the anesthesia provider during intubation.**
 - c. Verifying that all the items on the surgeon preference card are in the room.
 - d. Answering the urgent incoming call from the Central Processing Department (CPD).
3. Who has primary responsibility to ensure informed consent is obtained prior to surgery?
 - a. The surgeon**
 - b. The circulating nurse
 - c. The anesthesia provider
 - d. Hospital administrative staff
4. Which of the following is optimal for placement of the dispersive electrode in the use of electrosurgical unit (ESU)?
 - a. A well-vascularized area**
 - b. An area of adipose tissue
 - c. A freshly shaved site near the ESU
 - d. A bony prominence distant from the ESU
5. What is the normal range for a Serum Potassium?
 - a. 1.5 – 3 mEq/L
 - b. 96 – 106 mEq/L
 - c. 70 – 115 mEq/L
 - d. 3.5 - 5 mEq/L**

WITHDRAWAL, CANCELLATION, RESCHEDULING OR TRANSFER

You may withdraw/cancel your application to test, reschedule your exam appointment within your original 3-month testing window, or transfer your exam to another 3-month testing window. For additional information, please refer to the following definitions of terms and the table below.

Definitions of Terms

- **Withdraw/cancel:** You have submitted your application and have been placed into your initial exam window but have decided to cancel the exam.
- **Rescheduling/changing the date for a previously scheduled exam:** You have scheduled a date/time for your exam and want to move the testing date to another day within the same testing window.
- **Transferring a previously scheduled exam to another testing window:** You have applied for your exam and now want to move the testing date to a day in the following 3-month testing window.

Withdrawal/Cancel:

- \$75 withdrawal fee is required. This fee is withheld from the original payment, and you will be refunded the amount paid minus the withdrawal fee.
- You may not withdraw after completing a transfer.

Transfer:

- \$75 transfer fee is required. Fee is non-refundable upon approval of your transfer request.
 - Please ensure you have cancelled all appointments prior to requesting a transfer.
- You may only transfer your individual single take twice per exam application.
- If an exam appointment is scheduled with PSI, the appointment must be canceled before CCI can process a transfer.

TIME FRAME	At least two business days or more prior to end of testing window or scheduled test date	Less than two business days prior to end of testing window or scheduled test date
WITHDRAW/CANCEL AN EXAM APPOINTMENT	<ol style="list-style-type: none">1. Contact PSI and cancel your appointment.2. Log into CCI account and complete the withdrawal request. A non-refundable \$75 fee will be charged by CCI. <p><i>Note: you may not withdraw if you have previously transferred your window.</i></p>	You are unable to withdraw/cancel your exam appointment. You must sit for the exam, or all fees will be forfeited.
RESCHEDULE AN EXAM DATE WITHIN THE SAME TEST WINDOW	<ol style="list-style-type: none">1. Contact PSI to cancel your exam appointment.2. Reschedule the new exam date within the 90-day test window.	You are unable to change or cancel the date for your exam appointment. You must sit for the exam, or all fees will be forfeited.
TRANSFER AN EXAM DATE OUTSIDE	<ol style="list-style-type: none">1. Contact PSI to cancel your exam appointment.	You are unable to transfer to a new testing window for your exam. You

ORIGINAL TEST WINDOW	<ol style="list-style-type: none"> 2. Log into your CCI account and complete the transfer request. A non-refundable \$75 fee will be charged by CCI. 3. Schedule an appointment in the new exam window. <i>Note: you can only transfer twice within a single application. You may not withdraw after completing a transfer.</i> 	must sit for the exam, or all fees will be forfeited.
----------------------	--	---

If an applicant fails to schedule an exam appointment within the 3-month testing window, the entire exam fee is forfeited. To reapply, current eligibility criteria must be met and the fee applicable at that time must be paid.

PSI GUIDELINES FOR CCI EXAMINATIONS

Extensive check-in and security measures are enforced at testing sites and during live, remote proctored exams administered online. An FAQ page and Test Instructions, including quick videos for reviewing test center and online proctored experiences, are available on the [PSI website](#) link.

PSI REMOTE SECURE PROCTORED EXAM GUIDELINES

Identification

You must present an original, valid (unexpired), government-issued photo ID bearing a signature. CCI recommends bringing a second form of ID as well. No form of temporary identification will be accepted.

- Examples of valid forms of identification are photo ID, such as a driver's license, state identification card or passport. **Military identification cannot be used for remotely proctored exams.**
- If the name on your registration differs from what appears on your identification, you must bring proof of your name change (e.g., marriage license, divorce decree, or court order).
- PSI may request a second form of ID bearing your name and signature (e.g., a credit card).

If there is any concern about the validity of your identification, **PSI has the right to ask for additional identification or refuse your admittance to the exam.** Failure to provide appropriate identification at the time of the examination is considered a missed appointment and will result in forfeiture of your exam fees. Please contact PSI if you have any questions about acceptable forms of identification.

Monitoring

Several security measures will be enforced during the exam administration. PSI administration and security standards are designed to ensure all applicants are provided the same opportunity to demonstrate their abilities. Be aware that you will be observed at all times while taking the exam. This observation may include direct observation by test center staff or a remote proctor and audio and video recordings of your testing session.

No guests, visitors, or family members are allowed to enter the room in which you plan to take your test once you have completed your check-in environment checks. It is recommended and encouraged to be in a closed room with a door and to put a note on the door if there are other people in the room. People entering or passing through the testing environment can result in termination of your exam.

Examinations are proprietary. No cameras, calculators, tape recorders, pagers, or cellular/smartphones are allowed in the testing room. Possession of a cellular/smartphone or other electronic device(s) is strictly prohibited and will result in dismissal from the examination without a refund.

Exams cannot be viewed, copied, or studied by any individual. Copying or retaining test questions or transmitting the test questions in any form to other individuals, organizations, or study groups will result in forfeiting your right to have your exam scored and may result in civil prosecution and disciplinary action by CCI.

Personal Belongings

Your test environment must be clear of clutter and all personal belongings. Ensure that your desk is limited to the computer (no monitors allowed), mouse and keyboard. All other items should be removed from the desk space and there should be nothing within arm's reach of the desk.

Your testing space/desk must be free of all personal items and valuables including but not limited to:

- Electronic devices of any type, including cellular/mobile phones, recording devices, electronic watches, cameras, pagers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games including laptop computers not used for testing, must be stowed away from testing area.
- Bulky or loose clothing or coats that could be used to conceal recording devices or notes. For security purposes, outerwear such as, but not limited to, loose sweaters, cardigans, shawls, scarves, hoodies, vests, jackets, and coats are not permitted during testing. If you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse, should be worn underneath.
- Hats or headgear not worn for religious reasons or as religious apparel, including hats, baseball caps, or visors.
- Other personal items including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, paper, pens, pencils, other writing devices, food, drinks, and good luck items.

You will be required, as part of check-in, to perform a series of room scans to confirm there are no prohibited items in the testing area. Please allow for this time in addition to your exam time.

If any personal items are observed in the testing room after the examination starts, the examination will be forfeited. Please visit the [PSI website](#) for additional test center regulations.

System Requirements

Remote Secure proctoring system requirements are regularly updated and should be checked in advance of booking [HERE](#).

PSI Bridge is not supported on tablets, hybrid devices, mobile devices, Surface Pros, or Chromebooks.

A link to the compatibility check is available during scheduling. Please run the compatibility check at least 24 hours before your scheduled exam. Please be aware this is a hardware check only. The systems check that confirms your devices operating system will be performed the day of the exam. Passing the compatibility check does not guarantee that technical issues will not occur. You can also access the compatibility check here: [PSI Online Proctoring Compatibility Check](#)

A PSI proctor will be monitoring the session throughout the entirety of the exam. Applicants are expected to show their photo ID, take a selfie, and perform a room scan of the testing environment. The environment should be private, well-lit, and free from reference materials and clutter. The proctor may ask that the space be cleared before the release of the exam if not already done. No one is permitted to enter the testing area during the exam.

PSI Proctors will not have access to your computer. PSI uses a secure browser that must be downloaded and installed just before your scheduled appointment. Clicking the "Launch Exam" button up to 30 minutes before your appointment will automatically start the download process. The secure browser will prevent the ability to copy, paste, take screenshots, use instant messaging or other applications, and access other websites.

Dismissal from a Test Session

The test center administrator or remote proctor is authorized to dismiss an applicant from a test session, including but not limited to the following reasons:

- One's failure to follow the test center administrator's directions.
- Creating a disturbance of any kind.
- Possession of unauthorized personal belongings.
- Talking to or participating in a conversation with others during the examination.
- Giving or receiving assistance of any kind.
- Using prohibited aids, such as reference materials, mechanical listening devices, notes, and recording or photographic devices.
- Removing or attempting to remove test questions and/or responses (in any format)
- Failing to demonstrate the destruction of scratch paper during a remotely proctored exam.
- Attempting to take the test for someone else.
- Attempting to tamper with the operation of the computer.
- Leaving the testing room or camera view without permission.
- Leaving the test center/building at any time.
- Using electronic communications or recording equipment such as cellular phones and like devices.
- Bringing any materials to the test environment that may compromise the administration of the exam.
- Sharing information about the test and test questions with an unauthorized person(s).

If a proctor witnesses what they believe to be a security breach, the exam is stopped immediately; all related materials are retained, and an incident report is generated and routed to PSI. PSI reviews the session for quality and to determine if there was any inappropriate action requiring follow-up. For test center examinations, a report is provided to CCI.

If it is believed that an applicant violates the test center Misconduct Policy, breaches security, or fails to follow test center directions, CCI may render sanctions against the individual, which may include but not be limited to the following:

- The exam taker may receive a suspension for either a specific or undetermined amount of time.
- At the discretion of the CCI Certification Council and as allowable by law, CCI may notify the State Board of Nursing, the applicant's employer, insurance company, or other public health agency.

Under the Americans with Disabilities Act (“ADA”), persons with disabilities may be entitled to accommodations if (i) they have a physical or mental impairment, (ii) that substantially limits a major life activity (e.g., hearing, seeing, learning, reading, or concentrating), or a primary bodily function (e.g., neurological, endocrine, or digestive system). However, CCI is not obligated to provide accommodations that would fundamentally alter the measurement of the skills or knowledge the exam intends to test or impose an undue burden on CCI.

Request an Accommodation

CCI is committed to providing reasonable accommodation in its exam processes to otherwise qualified individuals with physical or mental disabilities complying with the ADA. CCI will make every reasonable attempt to comply with Federal regulations concerning the test administration for qualified persons who are temporarily or permanently disabled or who request accommodations for religious reasons at the time of the scheduled exam in accordance with the following policies:

- A disability requires written documentation and validation. The documentation provided should include correspondence from a healthcare provider with firsthand knowledge of the disability that describes the nature of the disability and specific recommendations regarding the type of accommodation required to address the disability. The letter should be on that professional’s letterhead stationery and include their title, address, phone number, and original signature.
- The applicant must notify CCI of their temporary or permanent disability for testing and provide supporting documentation at the time of application.
- The applicant must notify CCI of a request for accommodation for religious reasons at the time of registration.
- This accommodation shall not compromise the content and validity of the exam.
- CCI will make all determinations for accommodations at its sole discretion. All reasonable attempts will be made to accommodate the needs of the disabled person. If no feasible solution can be reached, the applicant will be notified in writing, and a refund will be issued.

Examples of requests for special testing accommodations that may be granted include, but are not limited to:

- modification of seating or other physical arrangements in the exam facility,
- providing for the exam to be taken in an accessible location, or
- providing for a reasonable extension of testing time.

Examples of requests for special testing accommodations that may be denied include:

- modification of the content of an objective multiple-choice exam,
- providing for unlimited testing time, or
- permitting a reader to paraphrase test material or translate the material into another language.

USING THE CREDENTIAL

The CFPN® credential stands for Certified Foundational Perioperative Nurse and is defined as “the documented validation of the professional achievement of identified standards of practice by an individual registered nurse providing care for patients pre-, intra-, and post-surgery.”

Active Credential

Certification is conferred for 2 years. There is no recertification option for the CFPN® credential. When the credential lapses, the nurse may no longer use the CFPN® designation in their credentials unless they opt to purchase an [extension year](#). An extension year will allow the use of the CFPN® designation for an additional year.

Using My Credential

The credential is granted after a candidate passing the exam. The CFPN® credential may be used upon credential verification on the [CCI website](#).

Certificate

Within one week of passing the credential exam CFPN®, your CCI certificate will be available within your [CCI account](#). You may print, download, or save your certificate.

Display My Name and Credential

In writing, proper usage is as follows: Jane A. Doe, BSN, RN, CFPN®. CCI’s [“Certification Mark Use Policy”](#) can be found in [Appendix A](#).

Lapsed Credential

You are not eligible to use the CFPN® credential after it has lapsed if you have not elected to purchase an extension year. Once your CFPN® credential has lapsed or your extension year expires, you may be eligible to pursue CNOR® or CNAMB®. Please contact CCI or consult the [CNOR®](#) or [CNAMB®](#) handbooks for more information.

EXTENSION YEAR

An extension year extends the time your credential is valid by one year. This allows one more year to either meet eligibility requirements (e.g., current employment) or prepare yourself to obtain either the CNAMB® or CNOR® credential. Your CFPN® credential will remain active during this time. Please contact CCI's Credentialing Team at 1-888-257-2667 or info@cc-institute.org for more information.

Below are key points regarding the Extension Year process:

- An extension year is only available once for each CFPN® credential holder.
- You must apply for your extension year prior to the expiration of your active CFPN® credential.
- The extension year adds one calendar year to your original expiration date. No additional time will be granted for your extension year.
- No refunds or discounts are applicable.

CFPN® Extension Year	Standard Price
CFPN® Extension Year	\$50

MISUSE OR MISREPRESENTATION

Any misuse or misrepresentation of the CFPN® credential by those not currently holding the credential shall be subject to legal action by CCI. Misrepresentation includes the use of the CFPN® credential once the credential has lapsed or the extension year expires.

REVOCATION

CCI may deny, suspend, or revoke certification for cause, including but not limited to the following:

- Failure to complete or provide evidence of completion of the initial certification
- Failure to maintain the required professional licensure
- The determination that initial certification was improperly granted
- Falsification or misstatement of information on any certification-related document
- Providing false or misleading information
- Misrepresentation regarding the credentialing status
- Cheating or assisting others to cheat
- Causing, creating, or participating in an examination irregularity
- Assisting others to wrongfully obtain initial certification
- Failure to comply with the scope and standards of practice in an area in which the certification is held
- Misuse of or misrepresentation with respect to the CCI credential
- Commission of a crime or gross negligence in the practice of nursing
- Violation of CCI policy or procedure
- Failure of audit processes
- Failure to comply with the American Nurses Association's Code of Ethics for Nurses with Interpretive Statements
- Conduct unbecoming of the nursing profession
- Has not paid all outstanding debts to CCI

*Certified nurses will be informed by letter of CCI's decision to revoke the CFPN® status. There will be no refund if the CFPN® status is revoked for any reason.

Ethics & Violations

CCI strives to safeguard the integrity of its certifications. Nurses holding any CCI certifications are expected to demonstrate safety, competency, and ethical behavior in compliance with applicable laws and rules.

Information regarding CCI's [Ethics Policy](#) and the [Ethics Violation Form](#) are available on the CCI website.

Appeals

Individuals have the right to appeal certain decisions made by CCI staff or committees. An independent team of individuals not part of the initial determination reviews all appeals to CCI. Appeals committees include members appointed by or part of CCI Certification Council as needed. Appeals decisions are final and may not be further appealed.

Information regarding various types of [Appeals](#) and the [Appeal Request Form](#) are available on the CCI website.

Information Confidentiality

The CEO, in consultation with CCI Leadership, will approve all requests for data and access to certificants.

Following accreditation requirements, CCI must make certain data about its certificants public (e.g., the demographic breakdown of certificants, number of certificants, number of test-takers, and pass rates for certification exams). All data are de-identified and shared in aggregate only, in accordance with Federal privacy law.

Use of Personal Data

CCI may process certificant data based on the following grounds, as appropriate:

- You have provided your consent which can be withdrawn at any time.
- The processing is necessary for the performance of a contract to which you are a party, including the processing of exams, certification, or recertification applications.
- The processing is necessary to meet legal obligations or to defend or maintain any claims involving us or our applicants and certificants.
- The processing is required to protect your vital and legal interests or those of another person.
- The processing is necessary for CCI's operations and mission.

For additional details on how CCI utilizes data, visit our [Privacy Policy](#).

Credential Verification

Verification of your credential can be accessed through the [CCI website](#).

APPENDIX A: CERTIFICATION MARK USE POLICY

The Competency and Credentialing Institute (“CCI”) owns several certification marks (the “Certification Marks”) related to CCI’s perioperative nursing certification programs (e.g., CNOR®, CSSM®, CFPN®, CNS-CP®, CNAMB®, and NPDA-BC). These Certification Marks represent that authorized individuals performing perioperative nursing services have satisfied applicable requirements established by CCI. This Policy establishes the rules and requirements for using the Certification Marks, including proper use on occupational and business materials by individuals certified by CCI. All CCI-authorized individuals should review this Policy carefully to ensure all uses of the Certification Marks conform to the Policy requirements.

This Certification Mark Use Policy states the terms and conditions under which CCI certificants may use the Certification Marks.

1. CCI retains all intellectual property and other ownership rights concerning the Certification Marks. CCI may create and use additional certification marks as it deems appropriate.
2. CCI grants limited permission to use the Certification Marks to qualified individuals who satisfy all applicable CCI certification requirements. Consistent with applicable law and organizational policies, CCI will ensure that the Certification Marks are displayed and otherwise used properly, as such use represents CCI certification to the public.
3. Permission by CCI to use a CCI Certification Mark does not include authorization to use any CCI trademarks.
4. Use of the Certification Marks is limited strictly to those CCI certificants in good standing. Each CCI certificant accepts and assumes sole responsibility for understanding and satisfying all CCI organizational and legal requirements related to using and displaying the Certification Marks. CCI will not be liable or otherwise responsible for any claims, complaints, suits, or damages relating to a certificant’s use or display of a Certification Mark.

Among other requirements, each certificant is responsible for ensuring that the use of any Certification Mark on occupational and business-related materials (e.g., business cards, stationery and/or letterhead, email signatures, advertisements, brochures, or Internet websites) is consistent with this Policy, and is not in conflict with applicable laws. CCI assumes no responsibility concerning the interpretation or application of such legal requirements.

CCI certificants are prohibited from making any public statement or representation related to the CCI certification programs that bring CCI into disrepute, that is materially false, or that is otherwise contrary to the interests of CCI.

1. Permission to use the CCI Certification Marks is limited to CCI certificants. It may not be transferred to, assigned to, or otherwise used by any other individual, organization, business, or entity.
2. Each CCI certificant must use the Certification Marks only in conjunction with their name and in connection with the services related to the certification, i.e., perioperative nursing services. The Certification Marks may not be positioned, displayed, or used in a manner that may lead the public to believe that a company or organization is certified or otherwise endorsed by CCI.

Certification Marks must be associated only with the certified individual that is authorized. Certificants are prohibited from using the Certification Marks to expressly or implicitly suggest an affiliation or other relationship with CCI that is untruthful or inaccurate. Additionally, Certification Marks should always be used in their

entirety. If a Certification Mark is protected by federal registration, the registration notice (“®”) must appear at least once in the advertising copy.

Concerning other affiliation marks and/or logos, the CCI Certification Marks may be located near such other marks or logos but must remain separate and distinct to avoid confusion concerning the source of the certification and to avoid the appearance that other marks, certifications, credentials, designations, or organizations are associated with, or endorsed by, CCI. Furthermore, the Certification Marks may not be modified except only as authorized by CCI.

The Certification Marks denote more than merely a title; they confirm that the individual certificant has met CCI’s high standards of excellence. Thus, proper use of a Certification Mark must specifically note such certification, such as through the use of a term such as “professional,” “practitioner,” “certificant,” or “certification.” Examples of proper use are noted below. Other proper uses include listing the particular certification on a “CERTIFICATIONS” portion of a resume or social media profile. Use solely of a Certification Mark itself at the end of the certificant’s name, with nothing more, is not the proper use of a Certification Mark.

Examples of proper uses and appearance of a CCI Certification Mark include, but are not limited to:

Jane C. Doe CNOR® Certificant	John A. Smith a CCI CSSM® Professional
Jane B. Thomas CNS-CP® Nursing Professional	John D. Doe holds a CFPN® certification from CCI

1. A CCI certificant may not prohibit, restrict, or otherwise limit the authorized and appropriate use of a CCI Certification Mark by another certificant.
2. Each CCI certificant is responsible for promptly reporting the unauthorized use, misuse, or other violation of this Policy to CCI. This reporting responsibility includes any circumstance where the use of a CCI Certification Mark is related to an individual or organization that is not a CCI certificant or where a CCI certificant misuses a Certification Mark.
3. All mark misuse complaints and other matters concerning potential violations of this Policy will be reviewed and resolved by the CCI’s designee. If, after notice and a fair opportunity to respond, the designee determines that there has been a violation of the terms of this Policy, CCI reserves the right to take any action consistent with CCI policies or applicable law, including but not limited to certification suspension or revocation.

In addition, CCI may refer cases of Certification Mark misuse, infringement, or other similar matters to appropriate agencies and other organizations or initiate appropriate legal action.
