	• Dev Studio • Application Design • Case Design • Data Properties • Sections • Classes & Inheritance	• Decision Design • Process Design • Assignments & Routing • Attachments • Validation	• Data Transforms • Declare Expressions • Reports • Database & Data Access • Debugging	• Access Groups & Operators • Portals & Harnesses • Data Pages • Rulesets	• Activities • Application Skin • Service level agreements • Correspondence & Paragraph • Review

|	Monday	Tuesday	Wednesday	Thursday	Friday
WEEK 1	• Dev Studio • Application Design • Case Design • Screen Flows • Data Properties • Sections • Classes & Inheritance	• Decision Design • Process Design • Assignments & Routing • Attachments • Validation	• Data Transforms • Declare Expressions • Reports • Database & Data Access • Debugging	• Access Groups & Operators • Portals & Harnesses • Data Pages • Rulesets	• Activities • Application Skin • Service level agreements • Correspondence & Paragraph • Review
WEEK 2	• Week 1 Cumulative Exercise and Review • Creating an Application • Creating a Class Structure	• Parallel Processing • Duplicate Cases • Testing	• Application Security • Integration and Services • Global Resource Settings • Background Processing	• Complex Reporting • Activities • Background Processing • Authentication • Practice with new application	• Practice with new application • Review • Migration

WEEK 1

App Studio

Monday
- Case Life Cycle Design
- Data Types
- Data Properties
- Views
- Sections
- Settings
- UI Themes

Tuesday
- Process Flow
- Users
- Routing Work
- Parallel Processing
- Actions
- SLAs & Emails
- Portals
- Reporting

Dev Studio

Wednesday
- Dev Studio
- Application Design
- Case Design
- Data Properties
- Sections & Templates
- Classes & Inheritance

Thursday
- Decision Design
- Process Design
- Assignments & Routing
- Attachments
- Validation

Friday
- Data Transforms
- Declare Expressions & Triggers
- Reports
- Database & Data Access
- Debugging
- Application Skin

WEEK 2

Monday
- Week 1 Cumulative Exercise and Review
- Creating an Application
- Rulesets
- Creating a Class Structure

Tuesday
- Access Groups & Operators
- Portals & Harnesses
- Data Pages

Wednesday
- Application Security
- Parallel Processing
- Temporary Cases
- Duplicate Cases
- Screen Flows
- Testing

Thursday
- Integration and Services
- Global Resource Settings
- Activities
- Background Processing

Friday
- Complex Reporting
- Authentication
- Documentation
- Migration
- Review
