COBRA Administration Solution Guide
Transforming the Landscape of Healthcare Delivery

Key Challenges of Managing COBRA Compliance Using Outdated Tech

- The disruption of *having to remember* to process COBRA paperwork and manually update third-party websites in a timely manner.

- The *awkwardness* of having to manage active participants (many of whom are ex-employees), their open enrollments, reinstatements and the money movement.

- Increased *chances of errors and non-compliance risk* associated with manual processes and outdated technology.

TOP FEATURES

- **Manages Communications** with employers, carriers, and participants to reinstate coverage, collect payments and provide support.

- **2-Click Approvals** make it easy for employers to review, approve or reject potential COBRA qualifying events.

- **Configurable Workflows and Automated Notifications** track all actions for qualifying events and eligibility, and provide consistent experience.

- **Eliminates Repetitive Tasks** by seamlessly tracking money movement, reinstatements, open enrollment and all the other activities.

- **Robust Reporting Capabilities** allowing users to track and audit notices, payments and communications for compliance purposes.
