Impact of Covid-19 Pandemic Forces Heightened Need to Address Cross-Contamination and Absenteeism

Illness is one of the TOP reasons for missing school

Impact of Absenteeism¹

- Loss of funding to schools
- Additional cost such as payment to substitute teachers
- Lower performance of students

INSIGHTS INTO ACTION

Taking Hand Hygiene to the Next Level

These new realities call for a thorough review of educational facilities, equipment and attention to frequently touched, and therefore shared, surfaces.

- **Ensuring Student & Teacher Safety** with more frequent and effective hand hygiene practices
- **Upgrades to Facilities' Layouts and Operations** that teach and enable social distancing
- **More Easy & Convenient Access to Hygiene Products** such as sanitizer & hand washing stations to help everyone practice increased adherence to CDC guidelines

Trending Information to Help Your Educational Facility Prepare

HHS and CDC recommend continuous promotion and facilitation of infection control measures, proper hand hygiene and respiratory etiquette throughout educational facilities.

OPPORTUNITIES AHEAD

Ways that Can Help Reduce Exposure & Cross-Contamination

Having been an integral and long-term supplier to virtually all major school systems and universities throughout the U.S., GP PRO (Georgia-Pacific) has a full range of solutions for your institution to consider and to help upgrade all parts of your facilities:

Touchless Towel, Soap and Sanitizer Dispensers

Your hygiene advantage:

- Convert to automated touchless dispensing in restrooms and other high traffic areas, eliminating manual dispensers to reduce common touch points
- Add touchless sanitizing dispensers to facilitate maximum hand hygiene compliance

Closed Soap Systems

Your hygiene advantage:

- Sealed refill bottles to help reduce the risk of cross-contamination

Disposable Bath Towels and Wipes

Your opportunity areas:

- Have maintenance staff change from reusable cleaning cloths or rags to disposable cloth replacements

Efficient Sanitizing Solutions

Your hygiene advantage:

- Look for not only 'hot spots' that might be a source for cross contamination, but make sure your current regiment for sanitation & disinfecting offers maximum effectiveness and ease-of-use

Unique Foodservice Disposables and Dispensing Systems

Your opportunity areas:

- Replace any permanent ware cups and plates with disposable throughout your facility

EDUCATION

Topline Trends

One Source, Countless Benefits

Educators looking to save time and money, and reduce complexity, can consolidate solutions with GP PRO:

- One source for sales support
- One common look
- One key for all dispensers
- One installation process

Support for Success

As you take next steps, we encourage you to reference one of these useful guides to assist in your planning:

- [Guidance on Preparing Workplaces for COVID-19](#) (OSHA/CDC)
- [Education Hygiene Checklist](#) (GP PRO)

Here's to helping you develop a safer, more hygienic environment! Please contact your GP PRO representative for additional support and assistance.
