

Trusts

Australia's first cloud-based trust accounting solution

Trust accounting and administration with Class is different. The combined power of Class Trust and NowInfinity means you have a complete solution for easy trust deed creation, a whole-wealth view of your client's entities, and automated investment tracking and reconciliation.

“

Being able to review financials and investment reports in real time has enabled our staff to have more meaningful conversations with our clients. Class Trust has also removed a significant number of bottlenecks we would traditionally see when processing Trusts, and as a result we have seen great efficiency gains in our first year of using the system.
