# BRAZIL

TOTAL CASES	TOTAL DEATHS	RECOVERED	DEATHS PER MILLION	VACCINATION PER 100
8,850,135	217,133	7,653,770	1,017	0.33

Government Measures	Vaccine Rollout	<ul> <li>Vaccinations are being <u>delayed</u> by an import bottleneck on inputs from China, leading to meetings between Rodrigo Maia (DEM) and Executive ministers to meet with Chinese Ambassador Yang Wanming.</li> <li>In response to a potential truck drivers' strike in the coming months, the government <u>added</u> truck drivers to the priority group for vaccination.</li> <li>Two million doses of the AstraZeneca/Oxford vaccine produced in India were <u>delivered</u> to Brazil on Friday (22), boosting the government's vaccine efforts.</li> </ul>
	Economic	• COPOM <u>maintained</u> the interest rate at the historic low of 2% but withdrew its "forward guidance," indicating interest rates may increase at future meetings.
	Country Opening	• United States President Biden <u>implemented</u> new travel restrictions on Brazil, following Trump's rescinding of those restrictions during his final days in office.
Outlook	Political	<ul> <li>The House of Representatives has officially set the date for the election of the new Speaker on February 1st. The in- person vote will feature Arthur Lira (PP) and Baleia Rossi (MDB), with no clear frontrunner.</li> <li>Issues with vaccine negotiations with India led to Foreign Affairs Minister Ernesto Araújo being left out of negotiations with China and increased <u>pressure</u> on his tenure at the ministry.</li> </ul>
	Economic	• Central Bank officials are <u>expressing</u> worry that the bill on the bank's autonomy may not pass Congress after the election of a new speaker, as neither candidate seems committed. While the bill is important, the main purpose is to defend the bank's already autonomous operations.

# CHILE

TOTAL CASES	TOTAL DEATHS	RECOVERED	DEATHS PER MILLION	VACCINATION PER 100
703,178	17,999	658,324	937	0.33

Government Measures	Health	• Minister of Health and health organization Confusam <u>signed</u> an act of compliance to implement the "Ley de Alivio", which will benefit more than 17 thousand healthcare workers in the country. It is important to note that this measure moved forward after intense protests and demands from health and social collectives.
	Vaccine Rollout	<ul> <li>President Piñera presented the main advances of the Vaccination Plan. According to the president more than 4 million Sinovac doses will be arriving to the country by the end of January.</li> <li>Minister of Health Enrique Paris <u>celebrated</u> the approval of Sinovac vaccine. The country is expecting more than 10 million doses. The vaccine was validated by the ISP for emergency use.</li> <li>According to the government the Sinovac vaccine will be used in people from 18 to 59 years old.</li> <li>New package of more than 43,000 Pfizer vaccines <u>arrived</u> in the country at the beginning of last week. The doses received correspond to the fourth shipment totaling more than 154,000 doses.</li> <li>More than 8,300 healthcare workers have <u>completed</u> their vaccination process. These are workers who received their first and second doses of the vaccine.</li> </ul>
	Economic	<ul> <li>The government <u>enacted</u> the pension withdrawal bill for people with terminal illnesses.</li> <li>The government <u>launched</u> a special subsidy that will help more than 35 thousand workers in the country. The subsidy consists in granting around USD \$200 for every child under two years of age with a working mother.</li> <li>Government <u>announces</u> extension of the employment subsidy and enters project that seeks to extend Employment Protection Law.</li> </ul>
	Country Opening	• Despite vaccine rollouts, different communes <u>return</u> to stricter lockdowns as the national positivity rate remains at 7%.
