

Boost your PMO performance with hydra PMO

Hydra Advanced Services are designed to complement and enhance your PMO. Reduce overhead, leverage best practices and drive results with Hydra PMO.

We believe that our customers should be protected from the natural volatility inherent in all organisations by retaining and growing best practices and intellectual property.

We believe that organisations should use the advanced skills of their best talents in the most productive way.

Hydra PMO is a Software+Services offering, that empowers your PMO to function at peak efficiency. Let your PMO leaders focus on what really matters while Hydra PMO team takes care of support, admin, monitoring performance, report generation and all the other necessary but time-consuming activities required for a PMO to excel.

- Boosting PMO performance
- De-risking organisation from variability and changes
- Liberating PMO's high skillset to focus on what's important
- Leveraging Hydra PSA unique project monitoring engine for a powerful "People + Technology" service
- Hassle-free implementation
- Partnership approach

PMO Support Functions

Reduce admin effort for senior PMO Resources, improve best practices and adherence, and enhance Portfolio Reporting. Hydra provide on-going user support and workshops to ensure resource training becomes low impact.

Project Manager Support

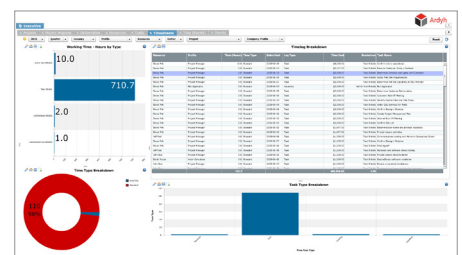

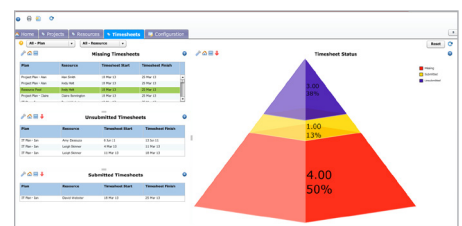

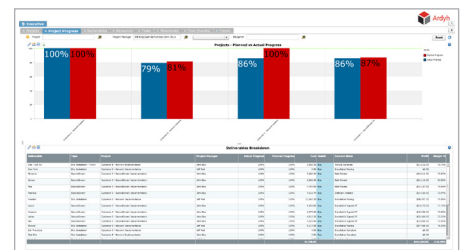

Guided on-boarding of new projects, planning and user management assistance, and project closure support capturing lessons learnt.

Advanced Services

Hydra's Advanced Services enable advanced control, monitoring project compliance, risks & issues monitoring, reporting quality control, project, task and deliverable health monitoring.

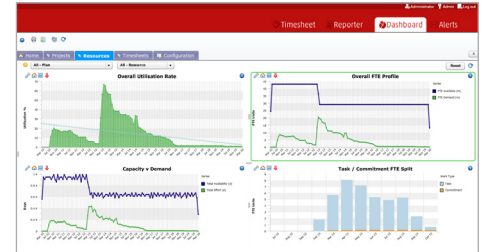

Reporting Visibility

Increase control and project visibility across the board with Hydra Advanced Business Intelligence dashboards.

Key benefits of Hydra PMO

- Increase best practice compliance
- Reduce overhead
- Boost operational performance
- Capitalise on existing processes
- Minimise administration
- Gain consistency across your PMO
- Fast track PM adoption
- Support operations with Hydra BI
