To Whom is May Concern

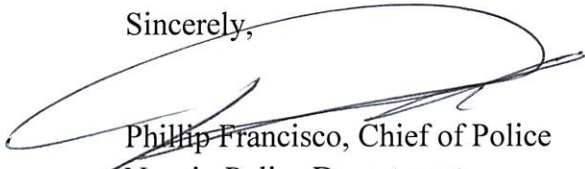

We are grateful for this opportunity to recommend Xybix for your needs. They provided the Navajo Police Department with great customer service and excellent ergonomic dispatch consoles. It was amazing to work with such motivated and professional individuals. Xybix showed commitment and dedication in meeting the needs of our department during a time sensitive project.

The sales team was responsive and patient while we worked through design and layout. The installation team was courteous and respectful. They worked effectively and efficiently to get the job completed to our satisfaction.

Our dispatchers are pleased with the consoles flexibility and sturdiness. We would recommend Xybix furniture and their team to any public safety answering point or other customers looking to enhance working conditions.

We will not hesitate to use their products for our future needs.

Sincerely,

Phillip Francisco, Chief of Police
Navajo Police Department
