Littleton, CO 80120

To whom it may concern,

I want to thank Heather Brown and the Xybix Systems for their professionalism, quality product and service provided during our installation of 7 workstations this year. Heather was especially patient of my repeated request for updated quotes due to our change in needs.

The process was not easy due to the monumental task of removing hardware and old workstations then reversing the process, all while maintaining operations of our very busy center.

We had two minor issues that were immediately resolved without question. I anxiously anticipate the replacement of our remaining workstations when funds become available.

Sincerely,

A handwritten signature in black ink, appearing to read "J. McAtee", with a long horizontal flourish extending to the right.
