

November 18, 2020

Dear Ellie Bittourna-Cappy

In August of 2020 during the COVID-19 pandemic we needed to add additional workspace to meet our social distancing requirements. Ellie and the Xybix team were able to work with us to visualize the new workstations in the remodeled area of the building and were able to meet our tight project timelines.

We have been a Xybix customer since 2006. Our employees love the ergonomic feel of Xybix consoles and the additional features such as the heaters!

Thank you for enabling us to quickly offer a safer environment for our most critical asset, our employees!

Sincerely,

A handwritten signature in black ink, appearing to read "Darren Rice".

Darren Rice

Technical Services Manager
