

DELIVERY MANAGEMENT VS FLEET MANAGEMENT

Delivery and customer focused

Platform

Centered on the vehicles in your fleet

Complete tracking of your packages at all times

Visibility

Tracking of your vehicles

Place orders and manage all aspects of your deliveries

Ease-of-Use

Requires third-party vendors to set up and complete a delivery

Recipients receive order status updates via mobile and email notifications

Customer Transparency

Recipient communication is rare and involves a manual process

Focus is on the lifecycle of the package

Core Focus

Focus is on the lifecycle of vehicles

Uses all available options, including Dispatch Marketplace, to complete orders

Operational Efficiency

Completing orders is limited to your fleet capacity
