

Online Courses for Frontline Leaders

IOSH Approved Open Training Made Easy

Gallagher Bassett Risk Consulting (RC) have been an approved provider of the Managing Safely® programme for many years and we are offering this as a virtual course running over 3.5 days, enabling candidates to join the learning from home or the workplace. These will be "Open Courses" allowing delegates from a number of organisations to join, so if you don't have sufficient numbers of candidates to make an "In-House course" viable, the people that need it don't have to wait to access this important learning.

This is an ideal course for new or recently promoted staff to get up to speed with their peers and you won't even need to organise a training venue, just ensure the candidate has access to an internet enabled PC with a camera and microphone, provide us with their email address and we will take care of all the admin.

Objectives

Managing safely is designed to provide all managers with the confidence and enthusiasm to apply knowledge to the workplace to improve the health and safety standards. Testimonials

"The tutor was great and clearly passionate about health and safety. He explained this clearly and was very engaging."

"I think the online learning worked really well. Easy way of doing things and it kept me engaged."

"The tutor was extremely helpful from start to finish. He takes his time going through each module and is non-judgemental for any questions asked. He could not have been any more helpful. A great trainer."
