Honoring Our Staff: A Gulfside Value

A Message from the President & CEO

Greetings!

As we all know, 2020 was quite the challenging year for all of us. The Gulfside Healthcare Services team has faced a great variety of patient, business and community concerns. Nevertheless, with any challenge, our leaders, clinicians and support teams joined together in transitioning such challenges into opportunities for growth, improvement and success.

As you can see from our 2021 calendar cover, the care and expertise of the Gulfside staff never stopped. Thus, this collage of pictures highlights a fighting spirit and fosters our Brand Promise: "*Bravely pioneering patient-centered solutions by our honored staff, to serve and support our community.*" Yes, each of our 400 employees, in all positions, and at all levels, are your *Brave Pioneers*. I see them that way, we see ourselves that way, and our hope and goal is for you to see us that way.

The countless, selfless hours that our team spends serving others stems from passion, excellence, commitment and compassion for people in need. Therefore, it is my pleasure to present the GHS Value of "Honoring Our Staff" on our 12th annual Community Calendar.

This next year of 2021 is aimed at continuing our excellent care and service through our three premier business lines - Gulfside Hospice, Gulfside Palliative Care, and Gulfside Home Health. Currently, we provide Hospice in Pasco County, Skilled Home Health in Pasco and Pinellas Counties, and Palliative Care in Pasco and the surrounding regional Counties. Through loyalty and commitment to our patients, their loved ones, our communities, and to you, Gulfside Healthcare Services is proud to serve. Enjoy the 2021 calendar!

Sincerely,

Linda L. Ward

IN THEIR WORDS:

"Words alone cannot convey what a difference hospice made in my husband's life.

Everyone who touched him did so with kindness and concern. You listened, acted, and brought peace by going the extra mile."

- Barbara, wife of a Gulfside patient

"I have never experienced such a demonstration of professional care, compassion, and communication which the team at Gulfside has shown.

When a person we love needs more care than we can give, and we are emotionally and physically distraught, Gulfside is there to help."

- Rich, husband of a Gulfside patient

"I do not know what we would have done without the entire team. You all are so dedicated to your patients.

On behalf of my family and myself, we would like to thank all of the wonderful Gulfside Hospice employees that gave my mom such quality and loving care. "

- Daughter of a Gulfside patient

Frequently Asked Questions

Where do I receive care from Gulfside Hospice?

Gulfside Hospice's interdisciplinary team will come to you, wherever you call home in Pasco County. Gulfside provides care wherever works best for the patient. While most people prefer staying in their homes, hospice care is also provided in hospitals, nursing homes, assisted living facilities, and our Gulfside Centers for Hospice Care located throughout Pasco County.

Who provides hospice care?

The hospice care team includes board-certified hospice and palliative care physicians, registered nurses, licensed social workers, chaplains, certified nurses aides and volunteers. This complete team provides expertise for medical, emotional and spiritual needs for patients and their families.

How do I know if palliative care is right for me?

Palliative care may be right for you if you are experiencing serious symptoms due to a chronic illness, including but not limited to: cancer, cardiac disease, respiratory disease, kidney failure, Alzheimer's disease, AIDS, amyotrophic lateral sclerosis (ALS), and multiple sclerosis.

Can I receive curative treatment together with non-hospice palliative care?

Absolutely. Your treatment choices are up to you. You can still benefit from getting non-hospice palliative care at the same time as treatment meant to cure you.

Who provides palliative care?

Each patient meets with the team ARNP. Additional services can be provided by nurses and social workers as directed by the patient's customized plan of care.

What does "skilled home health" mean?

Skilled home health services are ordered by a physician. These include physical therapy, occupational therapy or even speech therapy, as well as skilled nursing care. These services are designed to get you back to where you need to be and maintain your independence.

Who can receive services?

Skilled home health services are designed for anyone recovering from a serious injury, a surgery or serious illness, or those needing medication or disease management. Our hands-on approach allows you to strengthen and recover so that you can keep moving and live life fully.

Still have questions? Our team of experts is available 24/7 to assist you at 800-561-4883, or visit www.Gulfside.org for more information.
