Find Out Why Leading Firms Have Switched to MT Newswires

# ABOUT US

## Delivering Pivotal Market Intelligence Since 1999

MT Newswires is a recognized leader in original and unbiased business and financial news. Operating around the clock, with up-to-the-minute updates, MT Newswires' expanding global network of financial journalists and economists produces a leading multi-asset class news service for a diverse array of industry professionals, as well as retail and institutional investors alike. The company's unrivaled commitment to service and the very best real-time market knowledge is a significant reason why most of the largest financial institutions choose MT Newswires over the competition.

- More than 160 categories of original, ticker-tagged and meta-coded news; including comprehensive, intra-day coverage of global economics, forex, insider trading, emerging trends, and more.
- Full day, multi-asset class coverage of developed capital markets in North America, Europe & Asia.
- Industry-leading analysis of corporate news, events, and related price impact.
- Detailed broad market and sector summaries before, during and after regular market hours every business day.
- Top News feed (with optional images) to highlight the biggest stories driving global capital markets, businesses, and economies.
- Full feed availability in eight languages.
- Flexible feed delivery options, either direct or through any of our third-party distribution partners (see Our Distributors page).

# OUR COMPETITION

*Offering a more comprehensive, actionable, and noise-free news service, MT Newswires has effectively outperformed its competitors across nearly every segment of financial services.*

**MULTI-ASSET CLASS NEWS:** Providing industry-leading, real-time news on equities, commodities, forex, fixed income, crypto, and more, MT Newswires offers comprehensive global coverage of corporate developments, commodity trends, analyst actions, and economic news throughout each business day.

**TOP NEWS:** Updated throughout every business day; the most significant news driving capital markets (optionally paired with hi-res, eye-catching imagery).

**GLOBAL ECONOMIC NEWS:** Global, targeted coverage of economic indicators, forecasts, interest rates and market relevant geo-political news.

**COMPREHENSIVE COVERAGE OF GLOBAL EQUITIES:** Real-time news on corporate announcements, earnings, analyst rating changes, dividends, IPOs, M&As and C-level changes.

**STREET COLOR & SOCIAL BUZZ:** Trading desk rumors and real-time insights from investment professionals globally & objective coverage of the most talked about companies on leading social platforms like Reddit and X.

**FAST & IN-DEPTH EARNINGS COVERAGE:** Real-time updates on EPS, revenues and guidance with consensus.

**ANALYST RATING CHANGES:** The industry's most comprehensive coverage of over 350 ratings issuing firms globally.

**HIGHLY CUSTOMIZED TAGGING & CODING CAPABILITIES:** Every story is ticker-tagged and category coded by region, country, industry, asset class and event type.

**ZERO NOISE:** Original, unbiased financial news, from MT Newswires' own global staff of financial reporters.

**A COMMITMENT TO SERVICE:** Responsive and proactive customer service around the clock.

**REPUTATION:** Powering the world's most recognized brands with over 25 years of near-perfect client retention.
