Technologies**

# PRODUCT CATALOG

## COCONUT FATTY ACID

Hydrogenated CNFA  
Partially Hydrogenated CNFA  
Unhydrogenated CNFA

## REFINED GLYCERIN

Vegetable  
Non-Vegetable  
Coconut Only

## FRACTIONATED COCONUT FATTY ACID

Caproic FA  
Caprylic FA  
Caprylic/Capric FA  
Lauric FA  
Myristic FA  
Unhydrogenated Topped Mid Cut FA  
Hydrogenated Topped Mid Cut FA

## STEARIC FATTY ACID (VEGETABLE AND TALLOW)

Triple Pressed Stearic FA  
Double Pressed Stearic FA  
Rubber Grade Tallow FA  
Vegetable Palmitic (80% and 90%)  
Vegetable Stearic (60% and 90%)

## FOOD GRADE AND KOSHER FATTY ACID

Hydrogenated CNFA  
Soy FA  
Caproic FA  
Caprylic FA

## OLEIC FATTY ACID

Distilled Oleic Acid  
Double Distilled Oleic Acid

## TALLOW FATTY ACID

Hydrogenated TFA  
Unhydrogenated TFA  
Edible TFA

**Twin Rivers Technologies** produces Fatty Acids and Glycerin. Our facility is located in Quincy, MA and we are one of the largest Oleochemical manufacturers and suppliers in North America. With fractional distillation, crystallization, partial and complete hydrogenation capabilities, we manufacture and supply a product line that includes over 80 different types of fatty acids. Twin Rivers has the unique capability of meeting the changing demands of the market with the most comprehensive product line in the industry and R&D capabilities to support our customers changing needs.

## Sustainability

- UN Sustainable Development Goals (SDG) Alignment
- Ecovadis Status: Gold (2019), Silver (2020)
- Associated Industries of Massachusetts (AIM) Sustainability Award 2018

## Production Capabilities

- Hydrolysis • Hydrogenation
- Oleic/Stearic • Refined Glycerin
- Fractionation

## People

- Experienced Workforce (average tenure of 10 years)
- 24x7 continuous operation

## Supply Chain Expertise

- Deep water port for tropical oil delivery
- On site scales for railcars and trucks
- Short line rail road operations

## Raw Material

- Non Vegetable (Tallow, Edible Tallow)
- Vegetable (Coconut, Palm, Soy)

## Applications

- Home and Personal Care
- Automotive and Aviation
- Pet Food • Paint and Coatings
- Lubricants • Release Agents
- Industrial Markets

## Certifications

- Kosher, Halal and Food Grade Product Line
- SQF Certified
- RSPO Mass Balance Product Line
- REACH Compliance
