WHAT OUR SATISFIED CUSTOMERS SAY ...

“OF ALL THE VENDORS I WORK WITH, I COUNT ON AMAROK
THE MOST FOR PEACE OF MIND AND PROTECTION.”

“THE FENCE WENT UP AND
THE PROBLEMS WENT AWAY.”

“EVERY TIME WE PUT ANOTHER FENCE IN, WE NO LONGER HAD A PROBLEM.
WE DIDN'T EVEN HAVE AN ATTEMPTED BREAK-IN.”

PROTECT YOUR BUSINESS WITH

“IT’S BEEN A LONG TIME, AND
WE’VE HAD ABSOLUTELY ZERO ISSUES.”

NOTHING PROTECTS LIKE AN ELECTRIC FENCE

THE ELECTRIC GUARD DOG™ POWERED BY AMAROK

The Electric Guard Dog™ is an imposing 10-foot-tall solar-powered electric barrier that looms inside an existing perimeter fence.

VOLTS 7,000 – THIEVES 0

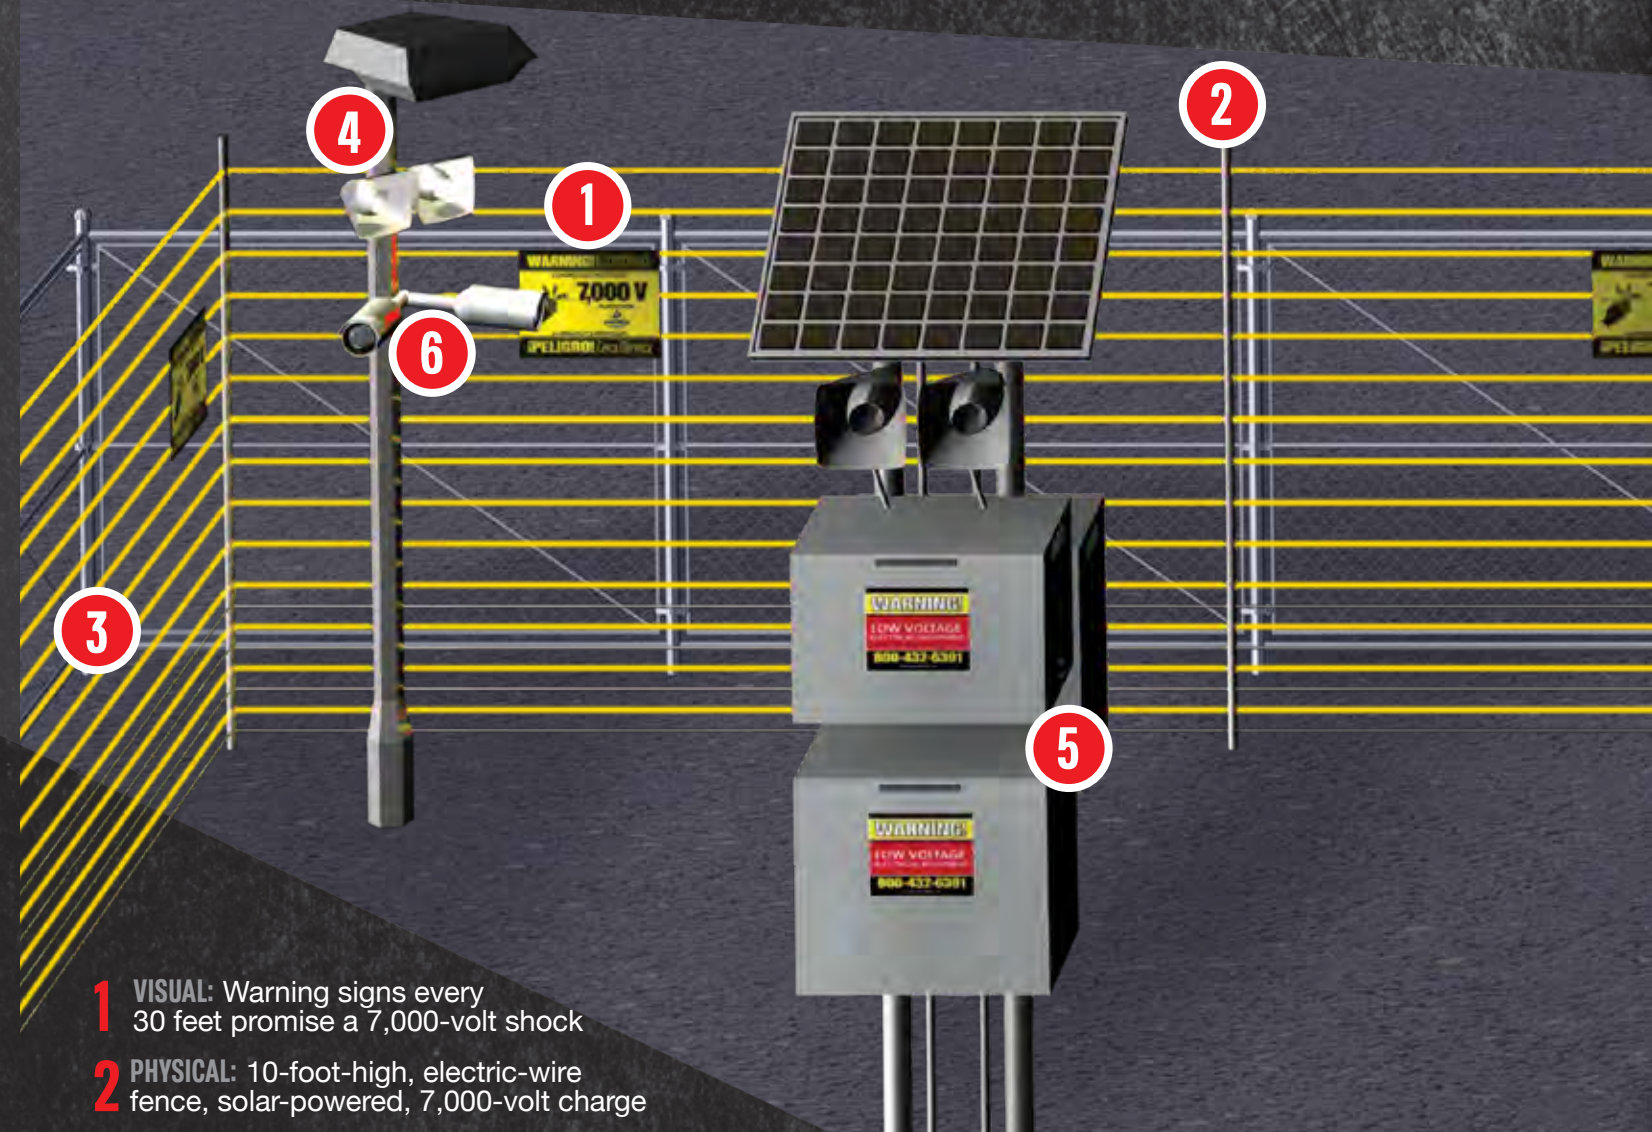

Our solar-powered electric fence delivers 7,000 volts of non-lethal, jolting resistance.

The rare criminal who ignores the warning signs and touches it once will not touch it again.

ULTIMATE SECURITY FOR OUR CUSTOMERS

Major brands from coast-to-coast depend on **AMAROK** for the Ultimate Perimeter Security solution. We install, maintain, and service — nationwide, 24/7. You pay no upfront costs. Our solar-powered solutions ensure 24/7 perimeter protection, even during power outages. **AMAROK** owns the solar-powered electric fence and assumes all responsibility for maintenance and service to protect our customers. Attempts to cut or scale our fence triggers immediate lights and alarms.

- 1 VISUAL:** Warning signs every 30 feet promise a 7,000-volt shock
- 2 PHYSICAL:** 10-foot-high, electric-wire fence, solar-powered, 7,000-volt charge
- 3 SHOCK:** Non-lethal, but highly effective 7,000-volt jolt to the intruder
- 4 MONITORS & ALARMS:** Lights and alarms activate in an attempt to breach the fence
- 5 POWER MANAGEMENT:** Self-generated power for all **AMAROK** devices, driven by solar power and 12-volt batteries
- 6 SURVEILLANCE:** Cameras link to Network Video Recorder and can be monitored 24/7
