Attn: Mr. Anthony Socias, Manager

Subject: S-71850-( ), Model AV-35H Life Preserver, Minor Change Request

Dear Mr. Socias,

The life preserver drawing S-71850-( ) has had a minor change to it. Revision F and this letter are being submitted to bring our records up to date.

Revision F dated 12/11, provides a dimension (1-1/2") for locating the CO<sub>2</sub> cylinder retaining loop (Alternate Front View, sheet 1) to the lifevest. This dimension was added to ensure the end of the cylinder remains in the retaining loop.

This change should be considered minor as it does not have any effect on form, fit, or function. We hereby certify that this life preserver meets or exceeds all the requirements of TSO C13f, complies with 14 CFR Part 21, Subpart O, and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Best Regards,

John Mayer  
Engineer

Enclosure: Revision F to S-71850-( )
