About Us

William Chris Vineyards focuses on low intervention, 100% Texas-grown wine. Since 2008, winegrowers William “Bill” Blackmon and Chris Brundrett have expanded the estate vineyards and partnered with family-owned farms across the state to source only the highest quality fruit.

We believe that the best wines are grown in the vineyard (not "produced") and should be true to their native terroir.

Featured in publications like Wine Enthusiast, Wine Spectator, Food & Wine, Bon Appétit, The Wall Street Journal, Forbes, Texas Monthly and the Chicago Tribune, William Chris Vineyards has gained critical acclaim from wine authorities from coast to coast.
