

Super Husky Pan Oil Filter Containment

Sized for waste oil collection tanks and leaky equipment.
Captures oil leaks and drips, filters out clean rainwater.

UV-RESISTANT

For long term, outdoor deployment.

THE HUSKY ADVANTAGE

**Holds up to 15.5 gallons of oils, fuels,
and other petroleum products.**

Do you have oil leaking from equipment in the outdoors? Valves? Fitting? Flanges? If you do, you've probably tried white spill sheets, but they allow oil to run through them onto the ground. And traditional drip pans are OK to catch the drips, but every time it rains, the water "lifts" the oil, and it slobbers out of the pans.

Now, there's a better way. The Super Husky Pan traps nuisance oil leaks and drips and allows clean rainwater to filter through. You just set it and forget it.

- ✓ Large enough to hold a generator or use as a refueling protection station for chainsaws and other gas or diesel-powered tools.
- ✓ No sweeping or ground prep. Just unfold, and it's ready-to-use.
- ✓ Recycled Husky fibers capture container leaks and overfills, minimizing pollution risks. Husky fibers are made from 100% post-consumer recycled materials.
- ✓ Impermeable polyback liner prevents oils and fuels from "bleeding" through onto the ground.

Perfect for power washing grimey parts.
Flexible, resilient, UV-resistant pan traps oil and fuel, allows water to pass through.

Replaceable inner pads and polyback liner extend the life of the pan.

MicroFilter weep holes in the base allow water to drain and not pool.

SPL130-2x4

Super Husky Pan Oil Filter Containment 2x4
24" x 48" (absorbs up to 7.6 gal./pan)

SPL130-4x4

Super Husky Pan Oil Filter Containment 4x4
48" x 48" (absorbs up to 15.5 gal./pan)

SPECS	SPL130-2x4	SPL130-4x4
Dimensions	24"W x 48"L	48"W x 48"L
Weight	8 lbs.	17 lbs.
Sold as	each	each
Absorbency	7.6 gallons	15.5 gallons
Flow Rate	9.8 gallons/hour	9.8 gallons/hour
Husky Pan PolyBack Liner Refill (Part Number)	SPL131-2x4	SPL131-4x4
Husky Oil Filter Pad Refill (Part Number)	SPL132	SPL132

Super Husky Pan Oil Filter Containment Benefits:

- ✓ **Absorbent.** Absorbs oils, fuels, and other petroleum products - filters water.
- ✓ **Polybacking.** Durable polyethylene backing prevents "bleed through."
- ✓ **UV-Resistant.** Will not degrade in sunlight. Ideal for long-term, outdoor deployment.
- ✓ **Sustainable.** Spilltration® Husky fibers are made from 100% post-consumer recycled materials.
- ✓ **Saves time and money.** Eliminates time spent testing and draining accumulated rainwater from sumps.
- ✓ **Convenient.** Set It. Forget It.®

Compliance and Regulations:

- Does not float. Not for use on water.
- DO NOT use with acids, bases or other caustic liquids.
- Dispose of used product in compliance with local, state and federal regulations.
