DSST Public Schools
Strategic Overview
Board Orientation 2021
Who We Are
DSST Public Schools transforms urban public education by eliminating educational inequity and preparing all students for success in college and the 21st century.
RESPECT

RESPONSIBILITY

COURAGE

CURIOSITY

INTEGRITY

DOING YOUR BEST
In 2021-22 DSST has 8 Middle Schools and 7 High Schools...serving nearly 7,000 students
NETWORK STUDENT DIVERSITY

Race & Ethnicity:
- 59% Hispanic/Latino
- 19% Black/African American
- 13% White
- 4% Asian
- 4% Two or more races
- 1% Other

Income Background:
- 70% FRL (Free & Reduced Price Lunch)
- 30% Non-FRL

Multiple Language Learners (MLL):
- 68% Non-MLL
- 32% MLL

Special Education (SPED):
- 76% Non-SPED
- 13% Gifted & Talented
- 11% Students with Disabilities

Sex:
- 53% Female
- 47% Male
DENVER & AURORA STUDENT POPULATIONS

Aurora Public Schools

- Native American
- Asian
- Black
- Hispanic
- White
- Native Hawaiian/Pacific Islander
- Two or More Races

74.2% of students qualify for free or reduced lunch

Denver Public Schools

- Native Indian or Alaska Native
- Asian
- Black or African American
- Hispanic
- White
- Native Hawaiian or Other Pacific Islander
- Two or More Races

61.73% of students qualify for free or reduced lunch
DSST runs 6 of the top 10 middle schools in Denver
HIGH SCHOOL PERFORMANCE
2018-2019

DSST runs 6 of the top 10 high schools in Denver

1. DSST: Conservatory Green HS
2. DSST: Byers HS
4. DSST: Montview HS
5. DSST: GVR HS
6. DSST: College View HS
10. DSST: Cole HS
2021 MIDDLE SCHOOL RESULTS

2021 COLLEGE READINESS

2021 SAT Results | Colorado High Schools

The scatter plot shows the relationship between the average composite SAT score and the percentage of students eligible for free or reduced lunch. The data points are color-coded for different high schools: Byers HS (orange), Cole HS (green), CV HS (gray), CG HS (yellow), GVR HS (purple), and MTV HS (red). The trend line indicates a negative correlation between SAT scores and the percentage of students eligible for reduced lunch.
This Year’s Events
In October 2020 the DPS School Board rejected a contract for DSST: Noel HS (later DSST: Elevate Northeast HS) to open at the beginning of the 2021-2022 school year, citing DSST: Cole performance as one of several factors. This rejection followed a year-long intensive campaign of advocacy from the DSST Noel community including hundreds of hours spent at board meetings, public testimonies, local and national media coverage, and thousands of petition signatures calling for the DPS Board to approve DSST Noel High School.

DSST appealed this decision (the first such appeal in DSST history) to the State Board of Education, who convened a special board meeting in November 2020 to hear the case.

The State Board of Education overturned the decision by a vote of 6-1 and order the DPS Board of Education to approve a contract to open DSST Noel in the fall of 2021-2022.

The DPS Board of Education approved a revised contract to approve DSST Noel in December 2020.
Responding to Covid-19

This past calendar year has forced us to be nimble. During this time we:

- Implemented E-School – which included synchronous virtual instruction
- Reopened our schools for 2 school days for any student who wanted to come in person; implementing vigorous safety measures
- Implemented synchronous instruction for virtual and in-person learners
- Created Project: Create with CBS4 – a weekly STEAM contest for k-12 students
Henry / College View Consolidation

After waning enrollment at DSST: Henry Middle School, DSST made the decision to consolidated DSST: Henry and DSST: College View Middle School to ensure that all students would be able to have the full robust programming that comes with a fully enrolled school.

All current DSST: Henry students were offered a spot at DSST: College View (including 8th graders who can continue at DSST: College View HS) in order to fully consolidate the two schools at the end of the 20-21 school year.
Learning Loss from COVID

- Proficiencies were much lower than in prior years--Math 6 %Prof was particularly low

- Overall P/SAT Fall average scores came in lower than in Fall 2019 in all grades, and ended lower than Spring Scores in 2019
Mental Health Challenges from COVID

Children's Hospital declares State of Emergency. From January to April 2021, youth behavioral health visits in emergency departments across the hospital system have increased more than 70 percent over the same time period in 2019. In April 2021 alone, there was a 90 percent increase over April 2019, according to Children's Hospital Colorado.

- We are seeing this at DSST in our student body. Over the last two weeks, we have completed more safety protocols for students experiencing suicidal ideation than in past years.
- We are also seeing increases in trauma responses - fight, flight, and freeze. Some students are having larger escalations, while others are shutting down in class and becoming unresponsive, and others are just not coming to school at all. These responses are a means to protect and cope with a world around them that has felt unpredictable and unstable.
DSST Network Priorities

Network Priority | “Back to Basics”

High Quality Instructional Core
Recommit to core instructional practices that drive student achievement and reduce equity gaps, especially instructional planning and accompanying data cycles. Address unfinished learning in a non-punitive way by returning to “back to basics” to ensure baseline, high-quality instructional practices for every student, in every classroom, at every campus.

Network Priority | School Culture & Student Experience

Develop, and maintain a joyful, engaging, inclusive, and safe student culture where students can become the best versions of themselves.
DSST Programmatic Shifts

Programmatic Shift | STEM & Creative Core

Become a district leader in STEM. Expand and strengthen our STEM and Creative Core offerings to provide strong whole child education, cultivating lifelong student interests and meeting student and family desires for greater electives and choice. Provide equitable access to STEM and Creative Core programming.

Programmatic Shift | Community Engagement

Foster true partnerships with our families and communities to better appreciate, value, and support the social, emotional, and wellness needs of our students, build collaborative and authentic regional connections and support the neighborhoods surrounding our schools.

What are the problems preventing us from achieving the above in any given year?
Network Growth
GROWTH STRATEGY

Denver  |  Growth through 7 campuses

Aurora  |  Growth through 2 campuses

Future Decisions:
- Evaluate further growth in Aurora
- Evaluate potential for 3rd market
  - may be accelerated based on Denver market shifts
## Projected Growth (consistent in all scenarios)

*Opening in the Fall of...*
