In accordance with the new guidelines decreed by the Government, 15 days after the publication of information number 1/2021, it is updated as follows:

Where one reads:

1. Teaching and other teaching activities:

1.1. In accordance with the information decreed by the government, which places school communities in confinement for a period of 15 days from the date of this order, and which gives higher education institutions the autonomy to determine their operating regime during this period, the Directory of IPAM Lisboa determines that teaching and learning activities are carried out at a distance, in accordance with the approved academic calendar.

The following text should be considered:

1. Teaching and other teaching activities:

1.1. In accordance with the information decreed by the government, which places school communities in confinement as long as the epidemiological situation remains, and which gives higher education institutions the autonomy to determine their operating regime during this period, the Directory of IPAM Lisboa determines that teaching and learning activities are carried out at a distance, in accordance with the approved academic calendar.

All other content remains unchanged and this update takes effect from the date of its signature, being published on the institution's website.
