

openpay

Buy now. Pay smarter.

For happy, healthy pets Offer Smarter.

With Openpay customers can spread the cost
over 2 - 24 months. No interest. None.

Healthy pets are our #1 priority

Whether it's a general check-up or major treatment, Openpay provides pet owners with a 'care now, pay later' payment plan to allow animals to get the attention they need, today.

What is Openpay?

Openpay is a modern payment plan which allows pet owners to split their vet bills over 2 to 24 months* with no interest. By offering greater choice and payment flexibility, even the furry friends can access the **best level of patient care**.

**Based on individual locations.*

Where we are available

We're available in a range of health specialties across Australia and New Zealand, including dental, optical, hearing, disability services, vets, pharmacies, allied health and more.

Longer terms means higher average spends

Pet owners are opting for getting the care they need when they can pay over time, interest free.

Pet Owner Benefits:

Fast approval

Fast & simple digital sign up.

Flexible

Choose when to start your payments.

No interest

Openpay never charges any interest.

Helps with budgeting

Avoid large lump sum payments that can make budgeting difficult, especially for families.

Practice Benefits:

Proven sales tool

Increase customer conversion.

ezyVet integration

Less time wasted on administration, and a streamlined workflow means more time providing the best level of care to pets.

Get paid quicker

Guaranteed payment the next business day.

Virtually no risk to the business

Merchant fees are refunded for any customer refunds processed.

How Openpay supports you

We support all practices to maximise the understanding and use of Openpay by offering Marketing, Training, Staff Engagement, Customer Communications, Reporting and Point of Sale materials.

Contact us today and start offering Openpay to your patients.
