

SCREEN APPLICANTS 2-3X FASTER

Get the Reliable Insights You Need with a Simple, **Visual-based** Candidate Assessment

Created by a team of 5 psychologists and backed by rigorous scientific studies, our visual-based assessment solution is a simple, fast way to gain important insights on a candidate's personality and position fit, and prioritizes candidates that will excel in your organization. This best-in-class solution collects personality data using human interaction with images, enabling you to screen the best applicants 2-3x faster than before, reduce employee turnover by up to 38%, and see those savings drop directly into your bottom line.

BUILT FOR CANDIDATES + EMPLOYEES

- Complete assessments in as little as 90 seconds
- Accessible on any device
- Easy for all applicants

SIMPLE TO UNDERSTAND

- Visual-based for faster processing
- Easy to read real-time fit results
- Digital resources + training

IMPACTFUL RESULTS

- Decrease application drop-off
- Reduce turnover and time-to-hire
- Improve employee performance

WHAT YOU CAN EXPECT

Understand your incoming candidates on a deeper level, with our mobile-first, visual-based assessments while providing a quick and easy assessment process to applicants. With our assessment, you'll be able to:

- Prioritize candidates whose traits match top-performing profiles
- Help candidates find their best fit to shine within your organization
- Gain a better understanding of employees for internal mobility and culture
- Create a seamless experience for candidates

SEE HOW YOU CAN LEVERAGE OUR **DATA-DRIVEN, VISUAL-BASED** ASSESSMENTS TO MINIMIZE YOUR TIME-TO-HIRE AND TURNOVER.
