

526 & 527 MODEL SWITCHOVER STATION

The Switchover Station is designed to mount a 526 or 527 Series switchover system and two cylinders in areas where wall mounting is inconvenient. The Switchover Station has holes predrilled for easy mounting as well as cylinder brackets with straps to secure the cylinders in place. For safety, the Switchover Station must be secured to a floor or pad.

Shown with 526 Switchover (sold separately)
