

BRINGING OUT YOUR BEST

ELLIE THORPE

T Level Childcare & Education

Previous school: Haygrove

I would like to work with children or go on to university when I finish College so this seemed like the ideal course for me. I also had friends coming to BTC that helped me to settle in.

Being a student at BTC is wonderful. The whole environment is great and the staff are polite, kind and helpful. My favourite moment so far has been making new friends. Everyone on the course is amazing and friendly.

Having directed study set out helps me to fully understand the lessons I have been doing during the day. I am now looking forward to getting to know my friends much better and to learning more about childcare and education over the coming months.
