STONE & RESTORATION

# What is cemetery restoration?

Over time, the effects of weather and continuous visitors can unfortunately lead to cemeteries with sunken headstones, crooked rows of memorials, crumbling or dirty monuments, and unkempt landscaping.

To protect and preserve the memories that these cemeteries represent, many turn to cemetery restoration services.

To help restore your cemetery to its original beauty, Milano Stone & Restoration offers the following services.

## OUR SERVICES

Memorial cleaning  
Headstone row alignment  
Broken headstone repair  
Headstone foundation re-setting  
Grave digging and re-leveling  
Cemetery landscaping  
Relocation and removal of statues

# Memorial Cleaning

Marble headstones and other granite memorials are properly cleaned by our team and restored to near-original condition.

**Cleveland Clinic  
Marymount**

# Headstone Row Alignment

Crooked headstones can be set back in their original straight lines.

# Broken Headstone Repair

If a monument falls over and breaks into pieces, we can put it back together, create a new memorial, pour a new foundation and/or re-level it. Our team can also fix fallen marble headstones by either pinning or epoxying them back together.

# Headstone Foundation Re-setting

Tipping or sinking memorials may need their foundations re-poured and leveled so that the headstones sit straight once again.

STONE & RESTORATION

# Immaculate Conception Church

## Grave Digging

If needed, our team can dig graves using our own industrial-grade equipment.

## Grave Re-leveling

Some gravesites may need to be relevelled due to ground settling.

# Cemetery Landscaping

This may include re-seeding grass, removing bushes and trees, routine landscaping (mulching), and installing fences.

# Relocation and Removal of Statues

Our team uses commercial-grade equipment to carefully relocate and/or properly remove monuments and statues.

# Why choose Milano Stone & Restoration?

## EXPERIENCE

Milano Stone & Restoration has over 50 years of experience in stoneworking and memorial restoration and cleaning.

## NEO PROVIDER

We are one of the few providers in Northeast Ohio that offers full cemetery restoration services and have worked with a variety of area cemeteries and community parks.

## EQUIPMENT

We have all commercial equipment needed, including multiple crane trucks, heavy, commercial-grade equipment and a bridge saw that can cut up to 14-in thick & 7+ feet in length.

## REPAIR SHOP

If we are unable to complete repairs on-site, we can take memorials and monuments back to our state-of-the-art repair shop located in Cleveland, OH.
