

Canada Shriners Virtual Lemonade Stand

Dear Shannon,

We hope you and yours are enjoying your summer despite these unexpected circumstances. You, our donors, are an instrumental part of the Shriners Hospital Family and we are saddened that we are unable to host you this summer at our Flagship Fundraising Events such as our **Canada Shriners Hospital Invitational**. This sentiment is shared with our two exceptional Patient Ambassadors, Kaleb and Alab, who were so excited to greet you all at their famous Lemonade Stands. Last year alone, Kaleb and Alab raised over **\$25,000** at their Lemonade Stands, thanks to the generosity of donors such as yourself.

While these times are looking very different for all of us, Kaleb and Alab came up with a plan to make the best of this situation and turn lemons this Pandemic has given us into lemonade! **For the month of July**, leading up to the usual date of our Golf Tournament (Monday, August 3), Kaleb and Alab will be hosting their lemonade stands VIRTUALLY.

We invite you to watch Kaleb and Alab's video and visit the Virtual Lemonade Stand website to help them beat their fundraising efforts from last year. Our patients still need your support more than ever, and now is the time where we need to come together – one sip at a time!
