# NERF TOSS

*Partner with a local football team and a dealership in your community to drive awareness and sales to your business by displaying a new vehicle at local home football games.*

## HOW IT WORKS:

- Display the new vehicle on the field
- Have fans register at your display or at a specific location prior to the game
- Randomly select one contestant for the chance to win the grand prize by attempting to throw a Nerf Football through the open window or sunroof of the displayed vehicle
- Prizes can vary from cash, a shopping spree, a new car or anything you can think of
