

DOXEM PRECISE

FOR USE WITH THE PRECISION DELIVERY SYSTEM

Doxem® Precise Dry Flowable Bait.

Doxem Precise is a dry flowable bait formulation that is non-staining, long lasting and easy to apply. It is specially designed to flow through the Precision Delivery System (PDS), penetrating deep into cracks, crevices and voids where pests live and breed.

- Consistent application
- Less wasted material
- Doesn't harden or get crusty
- Withstands extreme temperatures
- One application lasts up to 2 years

Formulation

Dry Flowable Bait, AI: 0.6% Indoxacarb

Effective Against

Cockroaches, ants, crickets and other listed pests

Use Sites

Indoors, outdoors and commercial food handling areas

Use Rates

Grams Applied	# Placements/5g Cartridges
0.05g	100
0.075g	67
0.15g	33

PROVEN PERFORMANCE

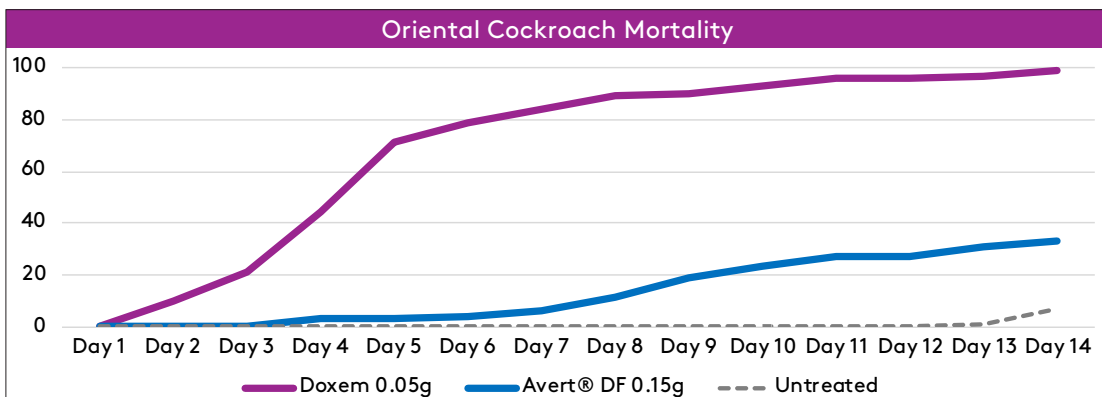

A University study shows Doxem Precise worked faster and provided more complete control of cockroaches versus the leading competitive dry flowable bait.

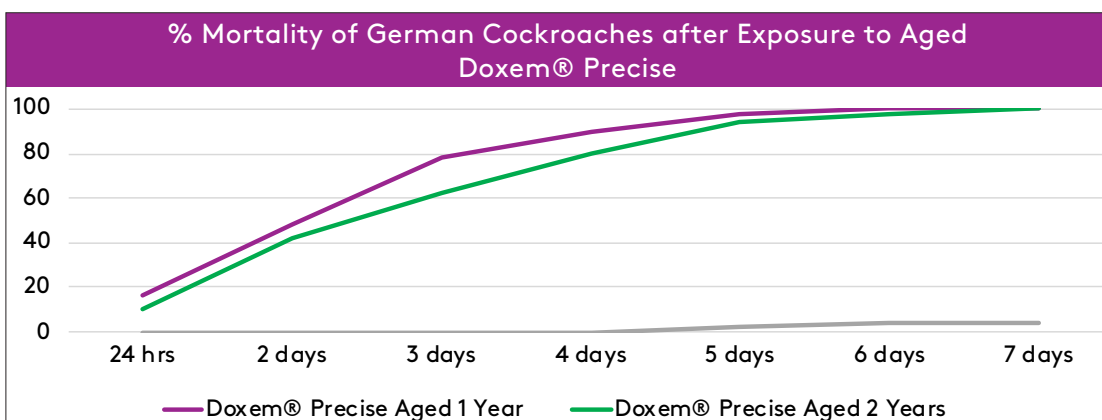

Graphical representation of the mortality over time of German cockroaches (*Blattella germanica*) exposed to 0.5g of Doxem Precise bait, 0.15 g of Avert® Dry Flowable bait compared to untreated replications.

Graphical representation of the mortality over time of American cockroaches (*Periplaneta americana*) exposed to 0.5g of Doxem Precise bait, 0.15 g of Avert® Dry Flowable bait compared to untreated replications.

Graphical representation of the mortality over time of Oriental cockroaches (*Blatta orientalis*) exposed to 0.5g of Doxem Precise bait, 0.15 g of Avert® Dry Flowable bait compared to untreated replications.

Percent mortality of German cockroaches (*Blattella germanica*) after exposure PVC treated with Doxem® Precise bait aged 12 months and 24 months. The same PVC tubes were used for both trials.
